Course Syllabus Statement on Required Use of Masks/Facial Coverings by Students in Class At Angelo State University
As a member of the Texas Tech University System, Angelo State University has adopted the mandatory Facial Covering Policy to ensure a safe and healthy classroom experience. Current research on the COVID-19 virus suggests there is a significant reduction in the potential for transmission of the virus from person to person by wearing a mask/facial covering that covers the nose and mouth areas. Therefore, in compliance with the university policy students in this class are required to wear a mask/facial covering before, during, and after class. Faculty members may also ask you to display your daily screening badge as a prerequisite to enter the classroom. You are also asked to maintain safe distancing practices to the best of your ability. For the safety of everyone, any student not appropriately wearing a mask/facial covering will be asked to leave the classroom immediately. The student will be responsible to make up any missed class content or work. Continued non-compliance with the Texas Tech University System Policy may result in disciplinary action through the Office of Student Conduct.

No Food or Drink Policy

Due to COVID-19, there will be no food or drink allowed in any classrooms, seminar rooms, or public gathering areas in the Health and Human Service building until further notice. The only exception to this policy is a student may have bottled water or water in a container that is able to be sealed and will not spill or leak.

Grading

Evaluation and Grades

Course grades will be determined as indicated in the table below.

(The instructor reserves the right to modify this syllabus throughout the semester if necessary.)
Assessment | Percent/Points of Total Grade
--- | ---
Discussion Threads with Responses | 10%
Group work/case studies/class participation | 15%
Journal Entries | 10%
Exams | 40%
Client Assessment Research Paper | 25%
Total | 100%

**Grading System**

Course grades will be dependent upon completing course requirements and meeting the student learning outcomes.

The following grading scale is in use for this course:

- A = 90.00-100 points
- B = 80.00-89.99 points
- C = 70.00-79.99 points
- D = 60.00-69.99 points
- F = 0-59.99 points (Grades are not rounded up)

**Teaching Strategies**

Students are expected to be “active learners.” It is a basic assumption of the instructor that students will be involved (beyond the materials and lectures presented in the course) discovering, processing, and applying the course information using peer-review journal articles, researching additional information and examples on the Internet, and discussing course material and clinical experiences with their peers.

**Assignment and Activity Descriptions**

*Please note: Rubrics for all assignments and activities are located at the end of this syllabus.*

**Discussion Threads**

There will be 4 discussion threads worth 10% of your grade. Discussions will cover readings, classroom activities, and current events related to new policies. You must respond to at least 2 of your peer’s posts with in-depth responses supported with at least 1 peer reviewed journal article or your course text.

**No response to a peer will result in a zero for the entire discussion.**

**Quizzes**

(The instructor reserves the right to modify this syllabus throughout the semester if necessary.)
There will be multiple quizzes utilizing respondus throughout the semester.

**Journal Entries**  
10%

There will be various graded journal entries over the course of the class. More explanation to come.

**Examinations**  
40%

There will be 4 exams for this class. Each of these examinations will be worth 10% of your total course grade. Each of the exams will be administered via Blackboard using the Respondus Monitor and LockDown browser. You may not use notes, PowerPoint lectures, textbooks, or other materials to take the exam.

**Client Research Paper**  
20%

Each student will write a research, between 9 and 10 pages in length, including the cover and reference pages, which strictly conforms to the most recent edition of the APA style manual, based on a client system that they are interested in working with in the future. Each student will need to have no less than 5 peer reviewed journals/books that will be used for this paper. Each student is required to see the graduate assistant for help with APA and make appropriate changes which will account for 10 points of your total grade. Each paper must contain the following elements:

I. **Client System**—Research and Define an individual client system that you are interested in.  
   A. Define Micro level social work practice  
   B. Discuss diversity issues faced by your client including mechanisms of oppression and discrimination. How will you negotiate, mediate, and advocate with and on behalf of your client?  
   C. Identify personal biases that could impact your interaction with the client and discuss how you will manage those biases.

II. **Evidence Based Practice (EBP)**  
   A. Research and define an Evidence Based Practice that is commonly used with the client system that you have picked.  
   B. How does this EBP meet the needs of your client and enhance their capacity?  
   C. Would another EBP be more effective in meeting your client’s needs?

III. **General Intervention Model (GIM)**  
   A. Research and define the General Intervention Model.  
   B. How would you apply the GIM to your client?  
   C. Discuss how the Code of Ethics applies to your intervention with the client and identify relevant laws  
   D. How will you analyze, monitor, and evaluate the interventions used? What methods are appropriate for evaluation of

(The instructor reserves the right to modify this syllabus throughout the semester if necessary.)
outcomes? Do you foresee any difficulties for your client or yourself in any of the steps of the GIM.

**Doing the minimum page requirement will result in a minimum grade. Example, 8 pages submitted will result in a beginning grade of a 70 and go down from there, while a submission of 12 pages will start at a 100 and go down.**

**Assignment Submission**
All assignments MUST be submitted through the Assignments link in the Blackboard site. This is for grading, documenting, and archiving purposes. Issues with technology use arise from time to time. If a technology issue does occur regarding an assignment submission, email me at ckading@angelo.edu and attach a copy of what you are trying to submit. Please contact the IT Service Center at (325) 942-2911 or go to your Technology Support tab to report the issue. This lets your faculty know you completed the assignment on time and are just having problems with the online submission feature in Blackboard. Once the problem is resolved, submit your assignment through the appropriate link. This process will document the problem and establish a timeline. Be sure to keep a backup of all work.

**Late Work or Missed Assignments Policy**

**POLICY ON LATE OR MISSED ASSIGNMENTS**

Assignments: Failure to submit your assignments on the assigned date will result in a 10 point deduction for the first day and a 5 point deduction for each day after the posted deadline. No papers or postings will be accepted more than 5 days past the assigned due date.

Exams and Quizzes: NOT ACCEPTED LATE FOR ANY REASON

_The week begins on Monday and ends on Sunday. All test, assignments and other due dates will be SUNDAY at 11:59pm_

Other demands of your time (e.g., work, family, appointments, other courses, etc.) will be negotiated with this in mind. Students will demonstrate their full presence in class, physical and intellectual.

There is no grade penalty for the first 3 absences. This is not an invitation to miss class.

- Any additional absence will result in a loss of 10 points from your total grade.
- The 7th absence results in a failing grade for the course. Refer to ASU class attendance policy.
- Being more than 10 minutes late for class WILL count as an absence even if you participate in the remaining course time for that day.

## Grading Rubrics

### Student Evaluation of Faculty and Course

Students in all programs are given the opportunity to evaluate their courses and the faculty who teach them. Evaluations are most helpful when they are honest, fair, constructive, and pertinent to the class, clinical experience, or course. Faculty value student evaluations, and use student suggestions in making modifications in courses, labs and clinical experiences. Angelo State University uses the IDEA (Individual Development and Educational Assessment) system administered through Kansas State University for all course evaluations. The Office of Institutional Research and Assessment administers IDEA for the entire university, online and has established a policy whereby students can complete course evaluations free from coercion.
