**Attendance**
Students have the option of attending live in the classroom or online via Webex. Class attendance during scheduled class hours is required, whether live or remote.

**Synchronous Sessions**
Students are expected to participate in a weekly synchronous session with the instructor. Each session will be recorded. To earn the full Synchronous Session points students must either attend the live session and submit the response, or watch the recording and submit the response.

Directions for each response can be found on Blackboard in the particular week they are due. Response questions pertain to individual class lectures and topics.
Weekly Quizzes
Quizzes cover that week’s material with a focus on the chapter reading and synchronous session. They are graded automatically, and you should see your score posted on Blackboard immediately on completion. Quizzes typically open after the synchronous session and can be taken at any time but are always due at the end of the week, by midnight Sunday. Quizzes are typically multiple-choice and timed so please prepare well for each test. Because each quiz is timed, familiarity with the material is key so watch the synchronous session, complete the chapter readings, and complete the assignments before attempting the quiz. Questions come from a test pool and will be ordered randomly. Each quiz is open book and open notes but collaboration with others is not allowed. These are individual assignments.

If you are found to be collaborating with other students on a test or cheating on your test, you will receive an F in the class and might be dismissed from ASU.

Occasionally a quiz might be disrupted due to connectivity issues, for instance during a storm. If your quiz is disrupted contact your instructor immediately via email to see if your quiz is eligible to be reset.

Assignments
Weekly assignments vary and may include cases, projects, software assignments, short answers, essays, or exercises. Weekly assignments are normally graded within one week of the due date.

Exams
The midterm exam covers chapters 1 – 6. The final exam covers chapters 7 – 13. Questions will cover each week’s material with a focus on the chapter readings, required articles, and synchronous sessions.

Whether given live or online exams and quizzes are considered individual assignments and collaboration with others while taking the exam is considered cheating. If you are found to be collaborating with other students on a test or cheating on your test, you will receive a zero for the test and might receive an F in the class and/or be dismissed from ASU.

Familiarity with the material is key so watch the synchronous sessions, complete all required readings, and complete the assignments. Well organized notes will be most helpful.

Response Time
Response to emails will normally be within 24 hours Monday through Friday. I am here because I want you to learn, so please consider me a resource. Assignments are generally graded within 10 days of the due date.

Missed/Late Work
You are free to complete your work early. Quizzes and synchronous session responses typically cannot be taken after the due date. For all other assignments, 10% will be deducted each day an assignment is late. Without a university approved excuse late work and missed work will not be accepted beyond five days or beyond the last day of class. If you have a university approved excuse, notify the instructor as soon as possible. The instructor may extend due dates. “Placeholder” submissions i.e. “accidentally” submitting something other than what was assigned will be considered a missed assignment.
Participation/Absenteeism

Students are expected to check the course website a minimum of few times each week and read course announcements. Students are also expected to participate in a weekly or semi-weekly synchronous session with the instructor and weekly or semi-weekly discussion questions with other students. If you are unable to attend the synchronous session it will be recorded and watching the recording within the required time is considered full participation.

The burden of proof is upon the student to demonstrate the appropriateness of the appeal. A student with a complaint about a grade is encouraged to first discuss the matter with the instructor. For complete details, including the responsibilities of the parties involved in the grade appeal process and the number of days allowed for completing the steps in the process, see Operating Procedure 10.03 at: [http://www.angelo.edu/content/files/14196-op-1003-grade-grievance](http://www.angelo.edu/content/files/14196-op-1003-grade-grievance).

**Course Syllabus Statement on Required Use of Masks/Facial Coverings by Students in Class At Angelo State University**

As a member of the Texas Tech University System, Angelo State University has adopted the mandatory Facial Covering Policy to ensure a safe and healthy classroom experience. Current research on the COVID-19 virus suggests there is a significant reduction in the potential for transmission of the virus from person to person by wearing a mask/facial covering that covers the nose and mouth areas. Therefore, in compliance with the university policy students in this class are required to wear a mask/facial covering before, during, and after class. Faculty members may also ask you to display your daily screening badge as a prerequisite to enter the classroom. You are also asked to maintain safe distancing practices to the best of your ability. For the safety of everyone, any student not appropriately wearing a mask/facial covering will be asked to leave the classroom immediately. The student will be responsible to make up any missed class content or work. Continued non-compliance with the Texas Tech University System Policy may result in disciplinary action through the Office of Student Conduct.
