Course Delivery

Given the changes in classroom capacity for this semester, the class will be split into thirds. Each week you will attend one in-person class with myself and your TA. Outside of class, you will work through the material using Waymaker and complete discussion assignments. In class, myself and/or the TA will be able to clarify material, engage in activities, and have discussion.

Required Texts and Materials

This course will use Waymaker for Psychology instead of a traditional textbook. This is integrated directly into BlackBoard and has built in quizzes and supplemental materials. There is a small cost ($25) associated with Waymaker which you can pay online or through the bookstore. For more information and an intro video, go to https://lumenlearning.com/gettingstartedwithwaymaker/

Communication

Email will commonly be used to interact with myself and your TA. Please check your university email regularly and use that email to communicate with us. When emailing, please be courteous and professional. My goal is to answer emails within 24 hours and I regularly check email throughout the workday. Emails during evenings and weekends may not get a response until the next workday. Any emails from myself or your TA should be considered private and are
not to be shared with others. If you have a question about your grade or other private matters, I encourage you to make an appointment to meet with myself or your TA.

**Evaluation and Grades**

Course grades will be determined as indicated in the table below.

<td>300</td>
</tr>
<tr>
<td>Total</td>
<td>600</td>
</tr>
</tbody>
</table>

**Grading System**

Course grades will be dependent upon completing course requirements and meeting the student learning outcomes.

The following grading scale is in use for this course:

- A = 540-600 points
- B = 480-539 points
- C = 420-479 points
- D = 360-419 points
- F = 0-359 points (Grades are not rounded up)

**Assignment and Activity Descriptions**

*Please note: Rubrics for all discussion assignments will be provided by your GTA and will be available on BlackBoard.*

**Participation:** Each week you may receive up to 10 points for completing the week’s reading module. There will be a self-assessment for each unit in the module and completing those is how you earn your participation points. They are not graded for accuracy but simply for completion.

**Weekly Quizzes:** Each week you may receive up to 20 points for completing the quiz in that week’s module. I suggest you take the self-assessments and read through all material prior to
taking the quiz. You will be given two attempts for every quiz and will be provided feedback after your first attempt.

**Weekly Discussion Responses:** Each week (excluding week 1 and 14) your TA will provide you a discussion assignment that you will complete before your class day. Each assignment will be worth 15 points and I will drop your two lowest scores. More specifics, including a grading rubric, will be provided by your TA.

**Research Requirement:** As an introductory psychology student, you will be asked to participate in experimental research. This will not only enable ASU faculty and grad students to complete research experiments but will also provide you with first-hand experience in how psychological research is conducted. If you are unwilling or unable to participate in research experiments, you may speak to me about an alternative assignment. **Your final grade will be docked 25 points for every credit you do not complete. Do not put off this requirement as there may not be enough studies at the end of the semester.** Full instructions for this requirement are provided on BlackBoard. All credits must be complete by Monday, November 13th at midnight.

**Late Work or Missed Assignments Policy**
If you are unable to complete the assigned work in a given week, please speak with myself or a TA.

**General Policies Related to This Course**
All students are required to follow the policies and procedures presented in these documents:

- Angelo State University Student Handbook
- Angelo State University Catalog

**Mask Policy**
As a member of the Texas Tech University System, Angelo State University has adopted the mandatory Facial Covering Policy to ensure a safe and healthy classroom experience. Current research on the COVID-19 virus suggests there is a significant reduction in the potential for transmission of the virus from person to person by wearing a mask/facial covering that covers the nose and mouth areas. Therefore, in compliance with the university policy students in this class are required to wear a mask/facial covering before, during, and after class. Faculty members may also ask you to display your daily screening badge as a prerequisite to enter the classroom. You are also asked to maintain safe distancing practices to the best of your ability. For the safety of everyone, any student not appropriately wearing a mask/facial covering will be asked to leave the classroom immediately. The student will be responsible to make up any missed class content or work. Continued non-compliance with the Texas Tech University System Policy may result in disciplinary action through the Office of Student Conduct.
Student Responsibility and Attendance
Due to classroom capacity restrictions, the class will be split into thirds so students will attend class in-person on day a week. All classroom interactions will be recorded should you wish to view other days you are not in attendance.

Technology policy: Based on my experiences teaching this course and further supported by research, students who use technology in the classroom tend to earn lower grades than students who do not. You are free to bring laptops/tablets to class to use for notes but if you are observed using it for other purposes you will be asked to stop.

Cell Phone Policy: All cell phones must be silenced before class begins. If your cell phone use distracts me, the TAs, or your classmates you will be asked to put it away. If the distractions continue you will forfeit your next exam grade. Barring any accommodations, headphones are not to be worn in class.

Academic Integrity
Students are expected to maintain complete honesty and integrity in all work. Any student found guilty of any form of dishonesty in academic work is subject of disciplinary action and possible expulsion from ASU.

The College of Health and Human Services adheres to the university’s Statement of Academic Integrity.

Accommodations for Students with Disabilities
ASU is committed to the principle that no qualified individual with a disability shall, on the basis of disability, be excluded from participation in or be denied the benefits of the services, programs or activities of the university, or be subjected to discrimination by the university, as provided by the Americans with Disabilities Act of 1990 (ADA), the Americans with Disabilities Act Amendments of 2008 (ADAAA) and subsequent legislation.

Student Disability Services is located in the Office of Student Affairs, and is the designated campus department charged with the responsibility of reviewing and authorizing requests for reasonable accommodations based on a disability. It is the student’s responsibility to initiate such a request by contacting an employee of the Office of Student Affairs, in the Houston Harte University Center, Room 112, or contacting the department via email at ADA@angelo.edu. For more information about the application process and requirements, visit the Student Disability Services website. The employee charged with the responsibility of reviewing and authorizing accommodation requests is:
Dallas Swafford
Incomplete Grade Policy

It is policy that incomplete grades be reserved for student illness or personal misfortune. Please contact faculty if you have serious illness or a personal misfortune that would keep you from completing course work. Documentation may be required. See ASU Operating Policy 10.11 Grading Procedures\(^5\) for more information.

Plagiarism

Plagiarism is a serious topic covered in ASU’s Academic Integrity policy\(^6\) in the Student Handbook. Plagiarism is the action or practice of taking someone else’s work, idea, etc., and passing it off as one’s own. Plagiarism is literary theft.

In your discussions and/or your papers, it is unacceptable to copy word-for-word without quotation marks and the source of the quotation. It is expected that you will summarize or paraphrase ideas giving appropriate credit to the source both in the body of your paper and the reference list.

Papers are subject to be evaluated for originality. Resources to help you understand this policy better are available at the ASU Writing Center.\(^7\)

Student Absence for Observance of Religious Holy Days

A student who intends to observe a religious holy day should make that intention known in writing to the instructor prior to the absence. See ASU Operating Policy 10.19 Student Absence for Observance of Religious Holy Day\(^8\) for more information.

Copyright Policy

Students officially enrolled in this course should make only one printed copy of the given articles and/or chapters. You are expressly prohibited from distributing or reproducing any portion of course readings in printed or electronic form without written permission from the copyright holders or publishers.

Syllabus Changes

The faculty member reserves the option to make changes as necessary to this syllabus and the course content. If changes become necessary during this course, the faculty will notify students of
such changes by email, course announcements and/or via a discussion board announcement. It is
the student’s responsibility to look for such communications about the course on a daily basis.

Student Evaluation of Faculty and Course

Students in all programs are given the opportunity to evaluate their courses and the faculty who teach them. Evaluations are most helpful when they are honest, fair, constructive, and pertinent to the class, clinical experience, or course. Faculty value student evaluations, and use student suggestions in making modifications in courses, labs and clinical experiences. Angelo State University uses the IDEA (Individual Development and Educational Assessment) system administered through Kansas State University for all course evaluations. The Office of Institutional Research and Assessment administers IDEA for the entire university, online and has established a policy whereby students can complete course evaluations free from coercion.

1. Gaining a basic understanding of the subject (e.g., factual knowledge, methods, principles, generalizations, theories)
2. Learning to apply course material (to improve thinking, problem solving, and decisions)
3. Developing skill in expressing oneself orally or in writing
