REQUIRED USE OF MASKS/FACIAL COVERINGS BY STUDENTS IN CLASS AT ASU
*Even though this is an online class, the following statement appears in all ASU syllabi.*

As a member of the Texas Tech University System, Angelo State University has adopted the mandatory **facial covering policy** to ensure a safe and healthy classroom experience. Current research on the COVID-19 virus suggests there is a significant reduction in the potential for transmission of the virus from person to person by wearing a mask/facial covering that covers the nose and mouth areas. Therefore, in compliance with the university policy students in this class are required to wear a mask/facial covering before, during, and after class. Faculty members may also ask you to display your daily screening badge as a prerequisite to enter the classroom. You are also asked to maintain safe distancing practices to the best of your ability. For the safety of everyone, any student not appropriately wearing a mask/facial covering will be asked to leave the classroom immediately. The student will be responsible to make up any missed class content or work. Continued non-compliance with the Texas Tech University System policy may result in disciplinary action through the Office of Student Conduct.

BROWSER COMPATIBILITY CHECK
It is the student’s responsibility to ensure that the browser used to access course material on his/her computer is compatible with ASU’s Blackboard Learning System. The professor reserves the right to deny additional access to course assignments lost due to compatibility issues. Students are responsible for reviewing the guidelines posted in this course regarding accessing Blackboard assignments. Problems in this area need to be discussed with the professor at the time of occurrence, either via a phone call (preferred) during posted acceptable hours for calling, or via email notification during times outside those posted for calls.

Be sure to perform a browser test. Select the “Support” tab from the Blackboard homepage (http://www.blackboard.angelo.edu) Select “Test your Browser” option.

COURSE DESCRIPTION
*Whitetail fever* is a common condition affecting those who enjoy the hunting and outdoor lifestyle. Symptoms include a desire to learn more about: a) hunter ethics and safety, b) hunting tactics and technologies, and c) wildlife and habitat management practices. At maturity, *whitetail fever* is characterized by a deep appreciation for the great outdoors and our natural resources. This course exposes students to hunting and outdoor research and allows students to share their own knowledge and experience, all in an effort to become mature outdoor enthusiasts.

In a manner consistent with the expectations of all GS 1181 Signature Courses, students actively engage with the ASU community. Students interact with other students, faculty, and staff through an exploration of the university resources and participation in campus activities.

Note: *This is a blended course that utilizes traditional face-to-face and web-based, e-learning strategies. The professor meets face-to-face with the students during scheduled class times. Students access course information and submit assignments via Blackboard.*

Please see the Course Schedule for project due dates, etc.

ASSIGNMENT/ACTIVITY DESCRIPTIONS
The following are summaries of the learning activities for this course. Complete directions and other information about these assignments are posted in Blackboard.

- **My Favorite Hunting/Outdoor Story** – Hunters and outdoor enthusiasts love hunting stories. Each student will briefly (3 minute maximum) tell their favorite hunting or outdoor story to the class and respond to questions. We will begin these the first week of class and continue until all students have completed the assignment.

- **Information Literacy Assignment** – This assignment will familiarize students with the available resources and scholarly expectations when conducting research through ASU’s Porter Henderson Library.
• **Blackboard Tools Assignment** – This assignment will familiarize students with Blackboard (Bb), ASU’s learning management system.

• **Activities and Summaries** – Students are expected to participate in three activities outside of class. These activities can take place on campus, in the community, or in the outdoors. Examples include attending an ASU-sponsored event, a community event, or an outdoor event of the student’s choice. Students will compose and an activity summary using a template provided by the professor.

• **Preparation and Presentation of Research** – Students work in groups of three to prepare and present a small research project on a topic of interest that is relevant to the course. Once the group selects a topic, each group member will compose and contribute a source summary using a template provided by the professor. Then, the group will create a PowerPoint presentation of their finding and present it to the class. Maximum presentation time is 10 minutes. The citation and a brief abstract of each group member’s article must be included in the PowerPoint presentation.

• **Final Exam (Survey and Final Reflection)** – Students will complete a brief survey and reflect on the learning experiences associated with this course.

**STUDENT EXPECTATIONS BASED ON COURSE DELIVERY AND SEQUENCE**

For planning purposes, this course will require a minimum of 2-4 study hours per week. As a blended course, a portion of the content is delivered synchronously, meaning students must either be in class (face-to-face instruction). The other portion of the course content is delivered asynchronously, meaning student can complete reading and online course assignments at more flexible times. Course content is delivered in a sequential order, meaning students must complete each component or assignment of the course in a timely manner and by predetermined deadlines. Please see the **Course Schedule** for more information regarding the course sequence.
COMMUNICATION
The professor will respond to email and/or telephone messages within 24 hours during working hours Monday through Friday. Weekend messages may not be returned until Monday.

Written communication via Blackboard: Students are expected to use formal writing skills and give appropriate credit to the source for his/her ideas. Written work should conform to the APA (2010) 6th edition (2nd Printing or higher only) guidelines for referencing.

Written communication via email: All private communication will be done exclusively through students’ ASU email address. Check frequently for announcements and policy changes.

Face-to-face and telephone communication: Office hours and/or advising may be done face-to-face or by telephone.

Use Good "Netiquette":
- Check the discussion frequently and respond appropriately and on subject.
- Focus on one subject per message and use pertinent subject titles.
- Capitalize words only to highlight a point or for titles. Otherwise, capitalizing is generally viewed as SHOUTING!
- Be professional and careful with your online interaction. Proper address for faculty is by formal title such as Dr. or Ms./Mr. Jones unless invited by faculty to use a less formal approach.
- Cite all quotes, references, and sources.
- When posting a long message, it is generally considered courteous to warn readers at the beginning of the message that it is a lengthy post.
- It is extremely rude to forward someone else’s messages without their permission.
- It is fine to use humor, but use it carefully. The absence of face-to-face cues can cause humor to be misinterpreted as criticism or flaming (angry, antagonistic criticism). Feel free to use emoticons such as J or :) to let others know you are being humorous.

(The "netiquette" guidelines were adapted from Arlene H. Rinald's article, The Net User Guidelines and Netiquette, Florida Atlantic University, 1994, available from Netcom.)

ASSIGNMENT SUBMISSION
All assignments (except for My Favorite Story and the Oral Presentation of Research) are to be submitted through the Blackboard course site. This is for grading purposes. Technology interruptions and other issues arise from time to time. If a technology issue does occur regarding an assignment submission, email the professor at doyle.carter@angelo.edu and attach a copy of the assignment. This lets the professor know that the assignment was completed on time and there are problems with the online submission feature in Blackboard. Once the problem is resolved, submit your assignment through the appropriate link. This process will document the problem and establish a timeline. Be sure to keep a backup of all work.
LATE WORK POLICY
Assignment due dates are shown on the calendar/schedule or posted within Blackboard. **Late assignments are not accepted without prior approval of the professor.** The professor reserves the right to deduct points for late assignments that are accepted past the original due date.

ACADEMIC HONESTY
Academic honesty is expected on all work. Students are expected to maintain complete honesty and integrity in their online experiences. Any student found guilty of any form of dishonesty in academic work is subject of disciplinary action and possible expulsion from ASU.

The Freshman College adheres to the academic honesty statement as set forth in the Angelo State University Student Handbook [http://www.angelo.edu/content/files/17358-university-honor-code](http://www.angelo.edu/content/files/17358-university-honor-code). The University "faculty expects all students to engage in all academic pursuits in a manner that is above reproach and to maintain complete honesty and integrity in the academic experience both in and out of the classroom setting and may initiate disciplinary proceedings against a student accused of any form of academic dishonesty, including but not limited to, cheating on an examination or other academic work, plagiarism, collusion, and the abuse of resource materials."

PLAGIARISM
Plagiarism at ASU is a serious topic. The Angelo State University’s Honor Code gives specific details on plagiarism and what it encompasses. Plagiarism is the action or practice of taking someone else’s work, idea, etc., and passing it off as one’s own. Plagiarism is literary theft.

In your discussions and/or your papers, it is unacceptable to copy word for word without quotation marks and the source of the quotation. We use the *APA Style Manual of the American Psychological Association* as a guide for all writing assignments. Quotes should be used sparingly. It is expected that you will summarize or paraphrase ideas giving appropriate credit to the source both in the body of your paper and the reference list. Papers are subject to be evaluated for originality via Bb Safe Assignment or Turnitin. Resources to help you understand this policy better are available at the ASU Writing Center [http://www.angelo.edu/dept/writing_center/academic_honesty.php](http://www.angelo.edu/dept/writing_center/academic_honesty.php).
