In this class, you will learn about yourself and the facilities available to you at ASU. You will begin to find ways to match your interests to a career and align your studies at ASU to match that career. The immediate goal of this course is to gain clarity about your best fit major.

Student Learning Assessment:
Student learning will be assessed via course projects, completion of youscience assessments, and daily assignments.

Attendance:
You are responsible for all the material covered in class. Your attendance in an online class is based on your completion of assignments. As a general rule, I recommend that students designate a day and time during the week to complete an DE course work.

Academic Honesty:
Angelo State University expects its students to maintain complete honesty and integrity in their academic pursuits. Students are responsible for understanding the Academic Honor Code, which is contained in both print and web versions of the Student Handbook. In essence, the willingness to cheat undermines our purpose at the university. Students who cheat risk failing the course.
**Student Responsibilities:**
The quality of your education depends on your behavior. Be present, be aware, and be responsible in all your courses. Each course you take matters, and your job is to perform the tasks to the best of your ability. However, you must also recognize when you need help and make use of the academic support that exists all over campus.

**Email and Electronic Etiquette:**
As a college student, you are a young professional. Your communication in college is practice for your life after college. When you email your professors, participate in discussion boards, post to social media accounts, write in blogs, speak during classroom discussions, you are practicing the essential skills that will help you when you apply for jobs and when you begin your professional life. Read *Business Insiders’*'s “[15 email etiquette rules every professional should know.](https://www.businessinsider.com/email-etiquette-rules-professional-2016-5)"

Course Syllabus Statement on Required Use of Masks/Facial Coverings by Students in Class At Angelo State University
As a member of the Texas Tech University System, Angelo State University has adopted the mandatory Facial Covering Policy to ensure a safe and healthy classroom experience. Current research on the COVID-19 virus suggests there is a significant reduction in the potential for transmission of the virus from person to person by wearing a mask/facial covering that covers the nose and mouth areas. Therefore, in compliance with the university policy students in this class are required to wear a mask/facial covering before, during, and after class. Faculty members may also ask you to display your daily screening badge as a prerequisite to enter the classroom. You are also asked to maintain safe distancing practices to the best of your ability. For the safety of everyone, any student not appropriately wearing a mask/facial covering will be asked to leave the classroom immediately. The student will be responsible to make up any missed class content or work. Continued non-compliance with the Texas Tech University System Policy may result in disciplinary action through the Office of Student Conduct.
