Course Description

MUSI 1313 is a study of the predecessors to and the evolution of rock music from the early 50’s through recent years. The course is designed to be non-musician friendly. Some of the materials presented in this class, in addition to being historical, are very graphic and direct, using language that some may object to, and referring to practices that are not only outside of the mainstream, but in many cases, illegal. They are part of the culture we will be studying, and we would be doing the course a disservice by ignoring them.

Major Course Objectives

✓ Gaining factual knowledge (terminology, classifications, methods, trends)
✓ Learning fundamental principles, generalizations, or theories
✓ Gaining a broader understanding and appreciation of intellectual/cultural

✓ Developing a clearer understanding of, and commitment to, personal values.

Student Learning Outcomes
✓ Recognize, define, and employ significant terms and concepts introduced in the readings or lectures.

Listening Guide. This teamwork/listening guide assignment must be typed.

Final exam
The final exam will be given on the last Friday of the semester during class, and is comprehensive in nature.

Cell Phone Policy
The use of cellular phones during class is strictly prohibited.

Academic Honesty
Angelo State University expects its students to maintain complete honesty and integrity in their academic pursuits. Students are responsible for understanding the Academic Honor Code, which is contained in both print and web versions of the Student Handbook. In essence, the willingness to cheat undermines our purpose at the university. Plagiarism is, quite simply, turning in someone else’s language, paragraphs, ideas, or writing for credit without adequately documenting your sources. Plagiarism includes letting your parents write your essay (even small portions) or turning in an essay from another class for credit in this class. To read more, check out the Center for Academic Integrity.

Student Responsibilities
The student should plan on getting started by reading each day’s assignment and repeatedly listening to the corresponding musical examples. You have been provided with online links to these tunes at the end of this syllabus. The listening examples will take time and concentrated attention in order for the student to gain the needed knowledge of what is happening within each tune. The listening portions of each of the tests will involve playback of short excerpts, not the entire tunes. Exam content will be covered in large part by the group work we will be doing. Taking notes during group and class discussions is suggested. Those of you who are active participants in the class work will be more likely to remember the material.

University Course Withdrawal Policy
The last day to drop or totally withdraw from regular session courses and the University is on the angelo.edu website. Withdrawal grades will be indicated with W.

Student Conduct Policies
Academic Integrity
Students are expected to maintain complete honesty and integrity in all work. Any student found guilty of any form of dishonesty in academic work is subject of disciplinary action and possible expulsion from ASU.
Academic Integrity
Plagiarism
Plagiarism is a serious topic covered in ASU’s Academic Integrity policy in the Student Handbook. Plagiarism is the action or practice of taking someone else’s work, idea, etc., and passing it off as one’s own. Plagiarism is literary theft.
In your discussions and/or your papers, it is unacceptable to copy word-for-word without quotation marks and the source of the quotation. It is expected that you will summarize or paraphrase ideas giving appropriate credit to the source both in the body of your paper and the reference list.
Papers are subject to be evaluated for originality via Turnitin. Resources to help you understand this policy better are available at the ASU Writing Center.
Copyright Policy
Students officially enrolled in this course should make only one printed copy of the given articles and/or chapters. You are expressly prohibited from distributing or reproducing any portion of course readings in printed or electronic form without written permission from the copyright holders or publishers.
