Purpose
Further development of instrumental skills through focused practice and rehearsal in chamber and like-instrument ensembles which perform in a variety of settings and a variety of musical styles.

Learning Outcomes
Students will:
• learn and perform quality repertoire in diverse styles from a variety of eras.
• develop as musicians through performance and practice in multiple settings.
• prepare individual parts in the music and understand their role in the whole ensemble.
• broaden their knowledge of music written for their instrument.
• practice performing with a characteristic sound on their respective instrument.

Faculty Coaching
Students will be placed into various chamber and like-instrument ensembles. Each ensemble will work directly with one or more music faculty members who will arrange rehearsal times with the group and coach the group weekly.

Materials
Students must:
• own, rent, or check out a working instrument and/or appropriate equipment.
• provide their own music stand. Music stands will not be provided or available.
• care for and maintain music provided by the individual ensemble coach.

Grading
Grades will be determined by the faculty coaches based on the criteria above and reported to the instructor of record at the end of the semester. Students will be assessed on their participation in the ensemble, attendance, and dedicated improvement throughout the semester. Faculty coaches will provide students with specific grading information in the first ensemble meeting.

Attendance
According to the ASU University Catalog, “Students are expected to be present for all class meetings of the courses for which they are registered. An accurate record of attendance for each student must be maintained by the instructor.”

Students must attend all scheduled rehearsals and performance. Unexcused absences will negatively affect students’ grades at the discretion of the assigned faculty coaches.

Students will take the digital wellness screening every day before coming to campus or leaving their residence halls.

- If all is well – **show the badges on their phone at classes** and entries to some buildings.
- If symptoms or contact with a case are checked – contact Shannon on Demand, and follow the advice of the medical professional to:
  - get tested for COVID-19, or
  - come to campus when they feel healthy.
- If recommended for testing, students will receive an email from student-wellness@angelo.edu with further instructions.

**Preparation**

Students are expected to actively play in rehearsals, take notes, and practice as much as needed to learn their individual parts. Time in rehearsal is not for learning parts, but instead learning how individual parts fit into the larger group.

**Statement on Student Absences for COVID-19 Related and Other Illness:**

**Required Use of Masks/facial Coverings by Students on Campus**
The Texas Tech University System has implemented a mandatory Facial Covering Policy to ensure a safe and healthy campus experience. Current research on the COVID-19 virus suggests that there is a significant reduction in the potential for transmission of the virus from person-to-person by wearing a mask/facial covering that covers the nose and mouth areas. Because of the potential for transmission of the virus, and to be consistent with the University’s requirement, students on campus are to wear a mask/facial covering. Observing safe distancing practices while on campus by spacing out and wearing a mask/facial covering will greatly improve our odds of having a safe and healthy campus experience.

Students requesting an exemption may need to wear a clear plastic face shield instead of a face mask. Students needing this accommodation should register with Student Disability Services and provide the appropriate documentation supporting this request. No accommodation exists that would exempt a student from wearing a mask/facial covering at any university-sponsored activity or event.
