This class is an online, asynchronous, accelerated three-week minimester course. The workload will be vigorous, and it will be absolutely necessary to keep up with the pace of the course.

Course Description: THE PEOPLE OF TEXAS, speaking through their State Constitution, have determined that all citizens, in order to properly perform the duties of citizenship, need to be familiar with the Constitution of the United States and the Texas State Constitution. To fulfill this need, Texas Law requires that six semester hours dedicated to that purpose be completed by all students attending institutions of higher learning receiving state funds. Here at Angelo State University, this requirement is met by taking POLS 2305 and 2306.

Constitutions are the central legitimating symbols of Texan and American political life. Texan and American citizens therefore need to understand how their constitutions frame political controversy and how they influence political and social change. To that end, we will study important debates concerning democracy and the meaning of liberty and equality from the Founding until the present day. We will examine the important function of citizenship and of federalism in our democracy. We will also discuss the distinctive political culture of Texas.

Lessons: The course schedule is divided into eight lessons, plus the final exam. The first two weeks will have three lessons each, and the third week will have two lessons and the final exam. The scheduled time for each lesson is two days, as can be seen in the Course Schedule below. Once the scheduled time for the lesson is over that lesson will be closed,
and we will be moving on to the next lesson. Students must keep up with the Schedule, and there is no “catching up” in this course.

**Written Work:** The grades in this course are based entirely on written work, and this work is focused entirely on your engagement with the readings assigned in the lessons. Two critically important points must be kept in mind when setting out to do this work.

1. Plagiarism will not be tolerated. This course has a zero tolerance policy regarding plagiarism. Plagiarism is when you take someone else’s words or ideas and present them as your own. Even if you change most or all of the words around, it is still plagiarism if you begin by copying some portion of another person’s work. Students are responsible for understanding what plagiarism is and for avoiding it. Any and all instances of plagiarism or cheating will result in automatic failure for the course and may lead to academic integrity charges with the university.

2. Internet searches and other “outside sources” are not allowed as a resource for your written work. An outside source is any source not assigned in this course. Failure to follow this rule will result in a zero for the particular Journal entry or Exam question where the outside source has been used.

**Lesson Journals:** Each Lesson (8 total) will require students to write a Journal entry reflecting on the questions, problems, ideas, etc., which arise from the readings assigned for that Lesson. Each entry must be a minimum of 500 words in length. They are due by the close of each lesson. Detailed instructions on writing and posting are on Blackboard.

**Final Exam:** A comprehensive exam consisting of short answer identifications and essays will be posted on Blackboard during the third week of the course and will be due at the end of that week, which is also the end of the course.

Extra Credit Movie Blog: I have provided a list of movies, which you may watch and write about for extra credit. You will find a tab with the list and detailed instructions on Blackboard. Extra credit is considered while final grades are being tabulated. It is not worth any standard amount of points, but in close cases may cause a student’s final grade to be bumped up to the next letter. Any effects of extra credit on one’s grade will not be visible in Blackboard at any time but will only become apparent in the final course grade in Ramport.

Required Use of Masks/Facial Coverings by Students
As a member of the Texas Tech University System, Angelo State University has adopted the mandatory Facial Covering Policy to ensure a safe and healthy classroom experience. Current research on the COVID-19 virus suggests there is a significant reduction in the potential for transmission of the virus from person to person by wearing a mask/facial covering that covers the nose and mouth areas. Therefore, in compliance with the university policy students in this class are required to wear a mask/facial covering before, during, and after class. Faculty members may also ask you to display your daily screening badge as a prerequisite to enter the classroom. You are also asked to maintain safe distancing practices to the best of your ability. For the safety of everyone, any student not appropriately wearing a mask/facial covering will be asked to leave the classroom immediately. The student will be responsible to make up any missed class content or work. Continued non-compliance with the Texas Tech University System Policy may result in disciplinary action through the Office of Student Conduct.
