Learning Objectives

Upon completion of this course, students will be able to:

1. Gain and demonstrate factual knowledge (terminology, classifications, methods, trends) of contemporary theory and practice in the auditing discipline and professional field.
2. Understand the fundamental principles, generalizations and theories about auditing.
3. Apply course material to improve your thinking about audit-related issues, to improve your audit issue problem solving and improve your decision-making skills as they relate to the auditing environment.

You will meet the objectives through a series of exams and homework that will measure your learning.

Assessment Methods

1. **Homework Problems**: As we move through the material I will place assignments on in Pearson MyLab. These assignments will consist of CPA Exam type problems following material we cover in class. The deadlines for the required assignments will always be at 11:59 PM Central Time on the day they are due (see Course Outline section below for TENTATIVE course schedule). At that time (11:59 PM Central Time), the system will close and you will be graded on the work completed prior to that time.

   I will make every effort to remind you of due dates in class, but ultimately you are responsible for meeting the deadlines. In case of conflicts between dues dates, the due dates listed in Pearson MyLab are the final word.

   You can earn a maximum of 100 points (the equivalent of an exam grade) for the correct completion of all of the homework assignments. Points for homework assignments will be awarded at the end of the course. I will take the total number of points scored and divide that number by the total possible points. That will give me a percentage which I will then multiply by 100 to get your homework point total. For example, if there are a possible 140 points available for homework and you get 132; then 132 ÷ 140 = 0.9429. Therefore, you will get 94.29 of the 100 available points for homework. (100 X 0.9429 = 94.29).

   **Homework**: As noted above, homework will consist of CPA Exam type questions. It will cover the main topics discussed in class, reflects material tested on the CPA Exam, and will be similar to the types of problems on class exams. You will be allowed 2 attempts on each assignment.

   **Additional Practice Problems**: I will post additional practice problems. These problems will be CPA Exam type questions to provide additional practice to help prepare for class exams. These questions will be VERY similar to exam questions.

   CPA Exam questions can be difficult and “tricky.” Learning to read and comprehend CPA Exam questions takes practice – working both the homework problems and additional practice problems are the best way to become proficient at answering these questions.
2. **Examinations:** There will be a total of four (4) exams in this course. You will be allowed to drop your lowest exam grade of your first 3 exams. However, in order to drop an exam, you must have taken the exam and scored at least a grade of 30 on that exam. In other words, if you decide to not take an exam you will receive a zero (0) on that exam. Since that exam is not eligible to be dropped, the zero will count and the next lowest exam grade will be the one dropped.

Please note, **the final exam cannot be dropped** – otherwise, everyone will stop coming to class the last quarter of the semester.

There is always a bonus of ten points on each exam, so a student can earn 110 points for each exam. Exams will consist of CPA Exam type questions – VERY similar to the homework and additional practice problems posted to Blackboard.

**Course Textbook and Required Readings**

**Required:** Auditing and Assurance Services; 17th edition, Arens, Elder, Beasely, and Hogan, Published by Pearson

You will need Pearson MyLab access for the class in order to complete the homework assignments.

Angelo State University employs a letter grade system. Grades in this course are determined on a percentage scale:

A = ≥ 360 points  
B = 320 – 359 points  
C = 280 – 319 points  
D = 240 – 279 points  
F = < 240 points

I do not give grades. You earn your grade. I merely record your scores. If you need a particular grade in this class to maintain a scholarship, to make the Dean's List, to graduate, or for whatever reason, plan now to DO THE WORK TO EARN THE POINTS that equals that grade. There are absolutely NO extra credit or grade improvement opportunities offered in this course.

Response Time

I will do my best to respond to all emails within 24 hours. When emailing, please include ACCT 4303.010 in the subject line.

Assignments will be graded as completed and your grade posted in Blackboard immediately. If an assignment or exam requires manual grading, your grade will be available within one week.

Missed/Late Work

As a general policy, assignments and exams are required to be completed as scheduled. I do not accept late work except for documented emergencies. These emergencies, along with required documentation, MUST be reported to me within 48 hours of the assignment/exam due date.

Participation/Absenteeism

Regular and active participation is an essential and important aspect of any class. Absenteeism or noncommunication will severely impact your success in this course. It is required that you complete each assignment by 11:59 PM CT on the due date.

Course Policies

Required Use of Masks/Facial Coverings by Students in Class

As a member of the Texas Tech University System, Angelo State University has adopted the mandatory Facial Covering Policy to ensure a safe and healthy classroom experience. Current research on the COVID-19 virus suggests there is a significant reduction in the potential for transmission of the virus from person to person by wearing a mask/facial covering that covers the nose and mouth areas. Therefore, in compliance with the university policy students in this class are required to wear a mask/facial covering before, during, and after class. Faculty members may also ask you to display your daily screening badge as a prerequisite to enter the classroom. You are also asked to maintain safe distancing practices to the best of your ability. For the safety of everyone, any student not appropriately wearing a mask/facial covering will be asked to leave the classroom immediately. The student will be responsible to make up any missed class content or work. Continued non-compliance with the Texas Tech University System Policy may result in disciplinary action through the Office of Student Conduct.
Academic Honesty and Integrity

Angelo State University expects its students to maintain complete honesty and integrity in their academic pursuits. Students are responsible for understanding and complying with the university Academic Honor Code, which is in both print and web versions of the ASU Student Handbook.

Academic integrity is expected. This includes, but is not limited to, any form of cheating, plagiarism, unauthorized sharing of work, or unauthorized possession of course materials. The professor assumes that all students can be trusted. Please do no violate this trust. Violation of academic integrity will result in a failing grade for the course.

It is the professor’s intention to be as fair and impartial as is humanly possible. Therefore, all students will be asked to adhere to the same set of guidelines and rules UNLESS there are disabilities or documented extenuating circumstances that have been discussed with the professor and the Student Life Office. Please make sure you inform the professor as soon as any situation arises. Do NOT wait until the problem is compounded by poor class performance, poor attendance, etc.

Plagiarism

Plagiarism is a serious topic covered in ASU’s Academic Integrity policy in the Student Handbook. Plagiarism is the action or practice of taking someone else’s work, idea, etc., and passing it off as one’s own. Plagiarism is literary theft.

In your discussions and/or your papers, it is unacceptable to copy word-for-word without quotation marks and the source of the quotation. It is expected that you will summarize or paraphrase ideas giving appropriate credit to the source both in the body of your paper and the reference list.

Papers are subject to be evaluated for originality via Turnitin. Resources to help you understand this policy better are available at the ASU Writing Center.

Copyright Policy

You are expressly prohibited from distributing or reproducing any portion of course readings in printed or electronic form without written permission from the copyright holders or publishers.

Course Drop

To view information about how to drop this course or to calculate important dates relevant to dropping this course, you can visit http://www.angelo.edu/services/registrars_office/course_drop_provisions.php.

Incomplete as a Course grade

As stated in the Angelo State University Operating Policy and Procedure (OP 10.11 Grading Procedures), the grade "I" is given when the student is unable to complete the course because of illness or personal misfortune. For undergraduates, an "I" that is not removed before the end of the next long semester automatically becomes an "F". A graduate student will be allowed one year to remove a grade of "I" before it automatically becomes an "F". To graduate from ASU, a student must complete all "I's".

Grade Appeal Process

As stated in the Angelo State University Operating Policy and Procedures (OP 10.03 Student Grade Grievances), a student who believes that he or she has not been held to appropriate academic standards as outlined in the class syllabus, has experienced inequitable evaluation procedures, or inappropriate grading practices, may appeal the final grade given in the course. The burden of proof is upon the student to demonstrate the appropriateness of the appeal. A student with a complaint about a grade is encouraged to first discuss the matter with the instructor. For complete details, including the responsibilities of the parties involved in the grade appeal process and the number of days allowed for completing the steps in the process, see Operating Procedure 10.03 at: http://www.angelo.edu/content/files/14196-op-1003-grade-grievance.
Course Outline

See TENTATIVE schedule below:

I am sure of only one thing in this class; this schedule will change. So, listen in class for any changes. We will not cover all the material in each chapter. Any material not covered in class will not be tested.

Again, information on this calendar is TENTATIVE. In the event of conflicts between this calendar and what is mentioned in class or on Blackboard – and there will be conflicts – the order of precedence will be: 1) class; 2) email from me; 3) Blackboard; and 4) this calendar. *This calendar is nothing more than a “rough guide” to the course schedule.*

Note: The last day to drop this class is FRIDAY, APRIL 30, 2021
