MORE INFO ON THIS ON "START HERE" PAGE ON BB.

IV. HP 10 - B II Calculator:

This calculator will be used throughout this course and your business career. If you already own a different financial calculator you may use it, but the classroom instruction (especially the material in the last two tests) will be based on HP 10-BII. Programmable calculators are not allowed in tests.

V. WHAT WILL HAPPEN IN THIS COURSE?

There are Connect quizzes (including SmartBook (LearnSmart)), and other types of assignments in Connect), and online tests which you will take on certain dates (see Course Calendar).

Tests have one attempt (quizzes have 3 attempts). You can use your course materials in tests. See more on this in "test rules" at the end.

Each chapter has videos (ungraded) to learn the material.

No need to get confused. Everything will be done on Bb.

Your grade will be based on the total points (the sum) from your tests and quiz average.

You study the material, take the quizzes and tests, get good grades and pass! Awesome!

I made a short video explaining the items you need to take care of in order to complete your set up. Please watch that short video at the top of the START HERE page on BB.

(There are also two short videos on the Everything is Here page explaining the structure of the course and available resources. Please watch them **after** you complete the items on the Start Here page and are ready to move on with the course).

The most important thing is to let me know immediately if you are having any problems.

Please understand: I am here for you. Taking this online course does not mean that you are completely on your own. I am approachable, I am accessible, I am available. You must let me know immediately if you are having problems.

One final point: Please identify yourself and your course when you email me.

VI. HOW DO WE COMMUNICATE?

The primary platform for your questions will be the Discussion Board on Bb. You will post your question on the DB and your colleagues can answer it or can add to it. I will check the board regularly to add my responses. I am expecting you to turn the DB into a vibrant community.

You can always email me. You should use email especially if it is a personal matter not concerning the entire class. I check my email frequently and try to respond in a timely manner.

However, I prefer you posting your questions about the course on the DB, so that everyone can benefit from it.

VII. GRADING and POLICIES: This is a simple, points-based system over 300 possible points. Your total points, i.e. the sum of your Test scores and Quiz Average (QA) will determine your grade. You can always find your standing by simply adding your test scores and QA.

Quiz Average*	100 pts.
---------------	----------

*Since some quizzes might have extra points (anything above 100 is extra), the QA is capped at 100. The maximum score you can have as your QA is 100.

Test 1	Chp. 1, 2	20 pts.
--------	-----------	---------

Test 2	Chp. 3, 16, 17	60 pts.
--------	----------------	---------

Test 3	Chp. 4, 5, 6, 7	70 pts.
--------	-----------------	---------

Test 4	Chp. 8, 11, 12	50 pts.
--------	----------------	---------

Total	300 pts.
-------	----------

269 and above A, 239 - 268 B, 209 - 238 C, 179 – 208 D, 178 and below F.

- Other than the ones listed above, there will be no graded homework or other graded assignment, project, or presentation for this course. There are NO “extra credit” assignments or projects in this course. Your grade will be determined by what you make on the tests and quiz average.
- Programmable calculators are not allowed in exams. See more on this in Test Rules and Guidelines below.
- **CONNECT QUIZZES: (100 pts)**
We will have quizzes on Bb for each chapter. Quizzes are the best preparation for the tests and are essential in improving your learning. You will have 3 attempts for each quiz. Each quiz will expire at 11:59 PM on its due date. There are no make – ups for online quizzes. If you miss one for any reason, it is a zero on the grade book.
There are different types of Quizzes in Connect. Any assignment that you see posted on BB with a deadline is a graded quiz. It is part of your Quiz Average.
Since we might have extra points, the Quiz Average is capped at 100. The maximum score you can have as your QA is 100.
- **STUDY ATTEMPTS:** After the due date, you can take the quizzes as many times as you want with correct answers shown for practice (not for a grade).
- **DEADLINES: All deadlines, for all quizzes and tests can be followed on the CALENDAR that can be seen on Bb. Therefore, there is no reason to miss any test or assignment. My advice: You will be given an ample time interval for each quiz. Do not leave it to the last minute. Do your quizzes well before the deadline. This is an online course. You must complete all of the on-line assignments. If you are missing on-line work, that means you are missing class.**
- **TESTS:** We will have 4 online tests with points shown above. **You can use your course materials in tests.** See more on this in “test rules” at the end. **Tests have one attempt (unlike quizzes that have 3 attempts).** None of the tests will be comprehensive. All tests are multiple choice
- **TEST AVAILABILITY:** Tests will be on certain days only (see CALENDAR).
- There is absolutely no make up for a missed test unless previous arrangements have been made or, a real emergency, such as an earthquake, volcano eruption, zombie invasion etc. has caused you to miss a test. Needless to say, you should let me know right away if an emergency happens to make you miss the test. There are no make ups for quizzes.
- You must have reliable internet connection and the necessary hardware to follow an online course.

APPENDIX 1. STEP by STEP:

HOW TO GET STARTED? WHERE TO BEGIN? WHAT TO DO FIRST?

The items that need to be completed are described on the Start Here page on BB with step by step instructions. There is also a short video on the Start Here page.

If you just watch the video and follow the simple step by step instructions on the Start Here page, you will complete the set up and be ready to move on to the main page which is called Everything is Here.

Please understand: I am here for you. Taking this online course does not mean that you are completely on your own. I am approachable, I am accessible, I am available. You must let me know immediately if you are having problems.

APPENDIX 2: TEST RULES:

- Tests have one attempt.
- You CAN use your notes and the book in the test.
- However, you cannot use any electronic device other than the computer on which you are taking the test and a simple calculator. You cannot have access to a second computer, tablet, whatever. Too many to list.
- You cannot use your phone during the test.
- Again, you are free to use your course materials, but you are not free to use the internet to look up answers. Tests are to show what you learned and how much you learned. Tests are not for showing how well you use the internet.
- Last, but not the least, this is not a group project. You must work on your own. No collaboration is allowed. You cannot have a friend or family, you cannot make or take a call or text, you cannot use a walkie-talkie, teleporter, phaser gun, time machine, nothing.
- Not a rule, but suggestion: Instead of wifi, use an Ethernet cord to “hard wire” your computer to the router helping to ensure you will not lose connection with Blackboard.

APPENDIX III: HELPFUL HINTS

HOW TO STUDY? WHAT RESOURCES ARE AVAILABLE?

I made two short videos explaining the structure of the course on the Everything is Here page. Please watch them.

This is an online class. You cannot afford to fall behind, there is no time to make up for the material that passed. You should try to stay ahead of the class.

There are videos for each topic in the chapters in Connect. You can watch the videos and can take notes from them, especially about the steps in solving problems. You can also make notes from the book and the lecture notes. Follow along the solved examples in the videos, in the book and the lecture notes, and solve them yourself. You can redo the quizzes as many times as you want as “study attempts”. Quizzes (study attempts) are the best preparation for the tests.

You can post your questions on the DB. Remember, I am here to answer your questions. If you want more, there are hundreds (if not thousands) of videos on each topic on Youtube.

WHEN SHOULD I DO THE QUIZZES?

The deadlines for quizzes are not suggestions for when to take the quiz. You should not wait until the deadline to do the quiz, you should do them as soon as you are ready.

Always watch the calendar because there may be changes (just in case). You are responsible for keeping up with the flow of class. Once the deadline comes, the quiz expires. It is gone. There is no make up.

Check the calendar frequently.

The most important thing is to let me know immediately if you are having any problems.

Therefore, all students will be asked to adhere to the same set of guidelines and rules UNLESS there are disabilities or documented extenuating circumstances that have been discussed with the professor and the Student Life Office.
