LearnSmart practice quiz for each chapter is required. Maximum grade of 10 points is awarded if the chapter topics are mastered successfully.
Discussion Board

During any given week/module, the discussions are scheduled to be completed *no later* than 11:59 PM on the day it’s due. Participation in the discussion not only includes answering questions posted by your instructor, but also includes responding and interacting with fellow students. Students are expected to participate in accordance with the rubric below. Reading the Discussions is important. The individual responses are directed to other students’ projects or comments based on any of the prompts that have been posted.

Both reading and commenting are equally important. A response to another student such as "I liked your comment" is *not* considered constructive nor a quality posting. Analysis and critique is the goal. The professor is able to view when individual students read comments and respond to comments in the Discussions. Discussions are much more informal than your assignments, but professionalism is encouraged. Your postings will not be graded for spelling, grammar, or APA Style; however, if you refer to a source you should provide the reference in APA style.

I will read all discussions. However, I will not respond to every discussion post. I tend to *lift up* key ideas and concepts and to comment on them in order to add to the *teaching and learning* in the course. Often, if the student responses cover what I want taught and learned, then I may not respond to a posting at all. I will grade discussions as per the rubric. A single response to the stated topic is basic. Multiple responses to other students’ comments and ideas are expected. This scoring is highly *subjective* and relates directly to the *quality* of responses and somewhat to quantity of responses (number). If no appropriate comments are made in a Required Discussion thread, no points will be awarded.

Unless otherwise specified, click the title of the initial thread in order to participate in the discussion. Click *Reply* to the prompt and respond as appropriate. Do not create a new thread unless requested to do so. For the most part, all discussions will be graded according to the following simplified rubric:

<table>
<thead>
<tr>
<th>Criteria</th>
<th>Levels of Achievement and Points</th>
<th>Maximum Points</th>
</tr>
</thead>
<tbody>
<tr>
<td>Competence</td>
<td>Posts are complete based on prompt/format and have good amount of</td>
<td>10</td>

</tr>
<tr>

<td>relevant content (8-10)</td>
<td>amount of relevant content (4-7)</td>
</tr>
<tr>

<td>Exceeds expectations and demonstrates critical thinking (8-10)</td>
<td>Meets minimum expectations and demonstrates some critical thinking (4-7)</td>
</tr>
<tr>
<td><strong>Timeliness</strong></td>
<td>Posted before due date i.e. earlier is better (6-10)</td>
<td>Posted on the due date (1-5)</td>
</tr>
<tr>
<td><strong>Engagement</strong></td>
<td>Actively engaged with other co-students in discussions i.e. two or more quality comments on others’ posts (6-10)</td>
<td>Limited engagement with other co-students (1-5)</td>
</tr>

**40 Points**

**Term paper (group assignment)**
This paper should include information about a management practice used by a company. Examples of management practices are Zappo’s holacracy, Apple’s high performing teams, Amazon’s demanding and aggressive culture, etc. You can use any company with more than 100 employees. Your goal is to write an interesting and coherent paper. Use the following guideline to write a 4-6 page (excluding title and references) paper on the management practice of your choice.
1. Provide details about the company and its business model
2. Explain the management practice
3. Explain how this management practice fits with the business model of the company
4. How it helps in increasing organizational effectiveness (i.e. impact on important OB related dependent variables such as turnover, job satisfaction, job performance)
5. Include conclusion
The paper should be at least 4 pages in length (typed, 12 pt. font, 1-inch margins, and error free). The report should include your original work based on your research. Paraphrase and cite properly in order to avoid plagiarizing. It should look neat and professional. All written papers must adhere to the APA style. You are expected to submit all papers with appropriate citation, references, etc. Style guides are available in the University library and the bookstore.

Course Policies

Academic Honesty and Integrity
Angelo State University expects its students to maintain complete honesty and integrity in their academic pursuits. Students are responsible for understanding and complying with the university Academic Honor Code, which is in both print and web versions of the ASU Student Handbook.

Academic integrity is expected. This includes, but is not limited to, any form of cheating, plagiarism, unauthorized sharing of work, or unauthorized possession of course materials. The professor assumes that all students can be trusted. Please do no violate this trust. Violation of academic integrity will result in a failing grade for the course.

It is the professor’s intention to be as fair and impartial as is humanly possible. Therefore, all students will be asked to adhere to the same set of guidelines and rules UNLESS there are disabilities or documented extenuating circumstances that have been discussed with the professor and the Student Life Office. Please make sure you inform the professor as soon as any situation arises. Do NOT wait until the problem is compounded by poor class performance, poor attendance, etc.

Code of Ethics and Rules
Students, faculty, administrators and professional staff of the College of Business should always:

- Be forthright and truthful in dealings with all stakeholders
- Take responsibility for one’s actions and decisions
- Serve as an example of ethical decision-making and behavior to others
- Admit errors when they occur, without trying to conceal them
- Respect the basic dignity of others by treating them as one would wish to be treated

Below are some other important rules for this course.

1. Cheating, Plagiarism, Scholastic Dishonesty, and Student Discipline: Cheating is unethical and not acceptable. Plagiarism is using information or original wording in a paper without giving credit to the source of that information or wording; it is also not acceptable. Do not submit work under your name that you did not do yourself. You may not submit work for this class that you did for another class. You must cite, reference, or quote information obtained from other sources so you give credit where credit is due. If
you do not know how to do that, ask. In addition, when an assignment specifies that you
must perform a task individually, asking for your classmates’ help is scholastic
dishonesty. Do NOT copy any material regardless of where you obtained it into your own
work. Do NOT submit work under your name if you did not complete it entirely yourself;
be honest and tell me you did it together. The consequences will be less severe when you
are up front about it than when you try to hide it.
ASU now has a site license for Turnitin.com, a plagiarism detection tool that you can
also use to check your own work for this or other classes to prevent getting in trouble. I
may report any instances of plagiarism and dishonesty to the Dean of Students Office and
the grade for the assignment/course can be an “F” or “zero”.
If you want to test your understanding of plagiarism, take the self-assessment at
http://education.indiana.edu/~frick/plagiarism or visit http://www.turnitin.com

2. Deadline Policy and Late Assignments: It is essential that all of you come to class
fully prepared to discuss your work and do well on the in-class assignments. Once a
deadline has passed, you can no longer turn in your work. Plan carefully to ensure you
meet the deadlines. If you wait until the last minute, things that can go wrong often do.
Your computer will crash, the internet connection stops working, etc. If you had started
earlier, you would have had time to deal with those annoyances, and still turn in your
assignments on time. Therefore, I cannot accept those types of excuses. Create your time
management plan and stick to it, so you can get everything done on time. All assignments
are due before midnight, see tentative schedule for deadlines.

3. Missed Tests: There will be 3 Exams and multiple quizzes. If, due to a well-
documented emergency, there is a possibility of missing an exam it is the responsibility
of student to contact the instructor in advance to arrange an alternative option. No
arrangements can be made after the fact. Missed quizzes and assignments cannot be made
up.

Accommodations for Disability
ASU is committed to the principle that no qualified individual with a disability shall, on
the basis of disability, be excluded from participation in or be denied the benefits of the
services, programs or activities of the university, or be subjected to discrimination by the
university, as provided by the Americans with Disabilities Act of 1990 (ADA), the
Americans with Disabilities Act Amendments of 2008 (ADAAA), and subsequent
legislation.

Student Affairs is the designated campus department charged with the responsibility of
reviewing and authorizing requests for reasonable accommodations based on a disability,
and it is the student’s responsibility to initiate such a request by emailing
studentservices@angelo.edu, or by contacting:

Mrs. Dallas Swafford
Director of Student Development
Office of Student Affairs
University Center, Suite 112
325-942-2047 Office
Student Absence for Religious Holidays
As stated in the Angelo State University Operating Policy and Procedures (OP 10.19 Student Absence for Observance of Religious Holy Day), a student who intends to miss class to observe a religious holy day should make that intention known in writing to the instructor prior to the absence. A student who is absent from classes for the observance of a religious holy day shall be allowed to take an examination or complete an assignment scheduled for that day within a reasonable time after the absence.

Course Drop
To view information about how to drop this course or to calculate important dates relevant to dropping this course, you can visit http://www.angelo.edu/services/registrars_office/course_drop_provisions.php.

Incomplete as a Course Grade
As stated in the Angelo State University Operating Policy and Procedures (OP 10.11 Grading Procedures), the grade "I" is given when the student is unable to complete the course because of illness or personal misfortune. For undergraduates, an "I" that is not removed before the end of the next long semester automatically becomes an "F". A graduate student will be allowed one year to remove a grade of "I" before it automatically becomes an "F". To graduate from ASU, a student must complete all "I"s.

Grade Appeal Process
As stated in the Angelo State University Operating Policy and Procedures (OP 10.03 Student Grade Grievances), a student who believes that he or she has not been held to appropriate academic standards as outlined in the class syllabus, has experienced inequitable evaluation procedures, or inappropriate grading practices, may appeal the final grade given in the course. The burden of proof is upon the student to demonstrate the appropriateness of the appeal. A student with a complaint about a grade is encouraged to first discuss the matter with the instructor. For complete details, including the responsibilities of the parties involved in the grade appeal process and the number of days allowed for completing the steps in the process, see Operating Procedure 10.03 at: http://www.angelo.edu/content/files/14196-op-1003-grade-grievance.
