LEARNING LESSONS

LEARNING LESSONS: Here you’ll see 4 links (1 link per week) to our 4 main lessons/periods. Within each LESSON, you’ll find THE FOLLOWING links:

COURSE DOCUMENT / RESOURCES

This folder contains each LESSON’s chapter by chapter PowerPoint slides and Other resources.

e-BOOK: students taking online classes tend to search YouTube whenever they need help understanding something. They also prefer short videos focusing on one concept at a time. Hence, while reading/studying from the e-book, you will find many short videos covering many concepts in every chapter.
Each video focuses on a very specific learning objective/concept and each concept is anchored by a 2-4 minutes videos. The videos are very important and are meant to explain the material for almost every section in the book. The authors of the book created these videos and after reading any material in the book and PP slides, I encourage you to watch the relevant segment in the video that further explains any topic that you may think the book and PP slides were not effective in explaining. You can play and replay each video at the pace that works for you. Moreover, I will provide, when asked, a video with examples that explains any topic that you may need additional help with. Finally, the discussion board is also open and available to you to ask any questions that you have. I will respond swiftly and promptly to all your inquiries.

LearnSmart Achieve (LSA) Study modules – Required & GRADED

LSA is an adaptive learning system designed to help students learn faster, study more efficiently, and retain more knowledge for greater success. Chapter by chapter modules (50 points each) will be deployed here. You have unlimited attempts at each LSA module. Keep taking each module until you receive full credit. Keep in mind that NO LATE SUBMISSION IS ALLOWED. Submission due dates and times are provided.

LSA modules are available at the beginning of each lesson and can be submitted earlier than due dates and times if you chose to do so. The lowest two LSA scores will be dropped at the end of the semester so only the highest 8 LSA modules will be included in your final grade.

PRACTICE ASSIGNMENTS – Not GRADED

This folder contains YOUR Chapter by Chapter PRACTICE MULTIPLE-CHOICE type Assignments. These are meant for practice because exams are modelled after them, so doing these is important to doing well in the Exams. This folder will have a link to two sub-folders:

Assignments for printing: this is where you have access to a hard copy (pdf or a word document) of the assignment that you can print and work on. Upon completion, make sure to return to BB and open the other folder,

Assignments for Submission to electronically submit your answers
(lockdown browser IS NOT required for assignment submission).

Note that you are allowed unlimited attempts at these. BB will give you instant feedback after the 1st submission. The feedback will inform you of which questions you missed and provide you with the complete ANSWER KEY.

Each Chapter Assignment will consist of about 20-30 multiple choice type questions. Even though, these are not graded, please do not wait until the last minute to work on them. Remember the assignments are posted chapter by chapter, so when you are done studying for a chapter, you can submit that chapter’s assignment to assess how much you learned.

IMPORTANT: After the 1st submission, make sure after you click SUBMIT to scroll down and click the OK button at the bottom right to get the feedback, i.e., which questions you missed.

You can also access the answer key following these instructions:

Assignment Answer Key: to access the assignment answer keys, after the due date and time, follow these simple instructions:
1. Login to Blackboard;
2. Go to the Grade Center by selecting the link "My Grades”;
3. Locate the row that has the Assignment you want to review and select the Assignment title;
4. Look to the far right of the row and select the GRADE/SYMBOL.
5. Click on the Hyperlink;

Test your webcam quiz
This folder contains a very brief one time quiz (it required LockDown Browser and Monitor) that you MUST complete (and will receive few bonus points) so we can check that your webcam/computer is working properly and you are following all webcam exam rules). This must be completed no later than 6/11 (Thursday( by 11:59pm.)

EXAMS – Required & GRADED

This folder will have your online EXAM. The posted exam will only include the assigned chapters for that lesson/period, i.e., none of the exams is comprehensive (see requirements and Grading below). Your EXAMS will consist mainly of multiple choice type questions (50-60).
IMPORTANT: Respondus LockDown Browser (LDB) is required for all Exams (MONITOR is not required).

You must download and install Respondus LockDown Browser (LDB) which is a secure browser for taking tests in Blackboard. To download LDB, follow these instructions:

Login to blackboard

2. Click Technology Support:

3. Scroll down and then click Download LockDown Browser.

You only have ONE attempt per exam and you must complete the test before the due date and time. Each exam will be made available on the assigned date at 10:00 a.m. The exam will disappear exactly at 11:59 p.m. of the same date. You will have up to 120 minutes to complete each exam. Once you click to begin an exam, it must be completed within the allotted time. Give yourself extra time, i.e., do not login to take an exam after 10:30 p.m. since you may not have enough time to complete it. Each exam will have about 50 multiple choice type questions.

To access the EXAM answer key and feedback, after the due date and time, follow these simple instructions:

1. For Exams, Login to Blackboard USING THE LOCKDOWN BROWSER;

2. Go to the Grade Center by selecting the link "My Grades";

3. Locate the row that has the EXAM you want to review and select the EXAM title;

4. Look to the far right of the row and select the GRADE.

5. Click on the Hyperlink;

**Important Information:** Some of your assignments (and possibly Exams) MAY have BONUS Questions for BONUS points. These are true bonus. Anytime an assignment with over 50 points means above 50 is a bonus. For example, an assignment with 60 points and you made 40 points, your score is 40 out of 50 and NOT 40 out of 60.

Similarly, some exams will have bonus questions for bonus points. Again, these are TRUE BONUS.
