Grading System

Course grades will be dependent upon completing course requirements and meeting the student learning outcomes.

The following grading scale is in use for this course:

- A = 90.00-100 points
- B = 80.00-89.99 points
- C = 70.00-79.99 points
- D = 60.00-69.99 points
- F = 0-59.99 points (Grades are not rounded up)

Teaching Strategies

Students are expected to be “active learners.” It is a basic assumption of the instructor that students will be involved (beyond the materials and lectures presented in the course) discovering, processing, and applying the course information using peer-review journal articles, researching additional information and examples on the Internet, and discussing course material and clinical experiences with their peers.

Assignment and Activity Descriptions

Client Assessment Paper (40%)

Each student will write a research, between 9 and 10 pages in length, including the cover and reference pages, which strictly conforms to the most recent edition of the APA style manual, based on a client system that they are interested in working with in the future. Each student will need to have no less than 5 peer reviewed journals/books that will be used for this paper. Each student is required to see the graduate assistant for help with APA and make appropriate
changes which will account for 10 points of your total grade. Each paper must contain the following elements:

I. Client System—Research and Define an individual client system that you are interested in.
   A. Define Micro level social work practice.
   B. Discuss diversity issues faced by your client including mechanisms of oppression and discrimination. How will you negotiate, mediate, and advocate with and on behalf of your client?
   C. Identify personal biases that could impact your interaction with the client and discuss how you will manage those biases.

II. Evidence Based Practice (EBP)
   A. Research and define an Evidence Based Practice that is commonly used with the client system that you have picked.
   B. How does this EBP meet the needs of your client and enhance their capacity?
   C. Would another EBP be more effective in meeting your client’s needs?

III. General Intervention Model (GIM)
   A. Research and define the General Intervention Model.
   B. How would you apply the GIM to your client?
   C. Discuss how the Code of Ethics applies to your intervention with the client and identify relevant laws
   D. How will you analyze, monitor, and evaluate the interventions used? What methods are appropriate for evaluation of outcomes? Do you foresee any difficulties for your client or yourself in any of the steps of the GIM.

**Doing the minimum page requirement will result in a minimum grade. Example, 8 pages submitted will result in a beginning grade of a 70 and go down from there, while a submission of 12 pages will start at a 100 and go down.**

Journal Entries (20%)

There will be various graded journal entries over the course of the class. More explanation to come.
Examinations (40%)
There will be four (4) examinations in this course. Each of these examinations is worth 15% of your total course grade and will be delivered via Blackboard.

Assignment Submission
All assignments MUST be submitted through the Assignments link in the Blackboard site. This is for grading, documenting, and archiving purposes. Issues with technology use arise from time to time. If a technology issue does occur regarding an assignment submission, email me at joel.carr@angelo.edu and attach a copy of what you are trying to submit. Please contact the IT Service Center at (325) 942-2911 or go to your Technology Support tab to report the issue. This lets your faculty know you completed the assignment on time and are just having problems with the online submission feature in Blackboard. Once the problem is resolved, submit your assignment through the appropriate link. This process will document the problem and establish a timeline. Be sure to keep a backup of all work.

Late Work or Missed Assignments Policy
The course is set up on weekly modules. The week begins on Sunday and ends on Saturday. Assignment due dates are shown on the calendar/schedule or posted within Blackboard. Failure to submit your assignments on the assigned date will result in no credit awarded for the assignment. No papers or postings will be accepted after the due date indicated in the syllabus unless the late assignment is due to a university approved absence defined in the graduate catalog.

Make-up work will be considered on a case by case basis and will only be allowed for university approved absences.

**Student Evaluation of Faculty and Course**

Students in all programs are given the opportunity to evaluate their courses and the faculty who teach them. Evaluations are most helpful when they are honest, fair, constructive, and
pertinent to the class, clinical experience, or course. Faculty value student evaluations, and use student suggestions in making modifications in courses, labs and clinical experiences.

Angelo State University uses the IDEA (Individual Development and Educational Assessment) system administered through Kansas State University for all course evaluations. The Office of Institutional Research and Assessment administers IDEA for the entire university, online and has established a policy whereby students can complete course evaluations free from coercion.

The Student Learning Outcome’s that are considered “essential” include:

1. Gaining a basic understanding of the subject (e.g., factual knowledge, methods, principles, generalizations, theories)
2. Developing specific skills, competencies, and points of view needed by professionals in the field most closely related to this course
