**Communication**

Faculty will respond to email and/or telephone messages within 24 hours during working hours Monday through Friday. Weekend messages may not be returned until Monday.

**Written communication via email:** All private communication will be done exclusively through your ASU email address. Check frequently for announcements and policy changes. In your emails to faculty, include the course name and section number in your subject line.

**Virtual communication:** Office hours will be done with the assistance of the telephone and Collaborate.

Use Good "Netiquette":

- Check the discussion frequently and respond appropriately and on subject.
• Focus on one subject per message and use pertinent subject titles. (especially when responding to a peers post, use the peers name)
• Capitalize words only to highlight a point or for titles. Otherwise, capitalizing is generally viewed as SHOUTING!
• Be professional and careful with your online interaction. Proper address for faculty is by formal title such as Dr. or Ms./Mr. Russo unless invited by faculty to use a less formal approach.
• Cite all quotes, references, and sources.
• When posting a long message, it is generally considered courteous to warn readers at the beginning of the message that it is a lengthy post.
• It is extremely rude to forward someone else's messages without their permission.
• It is fine to use humor, but use it carefully. The absence of face-to-face cues can cause humor to be misinterpreted as criticism or flaming (angry, antagonistic criticism). Feel free to use emoticons such as Jk or :) to let others know you are being humorous.

(The "netiquette" guidelines were adapted from Arlene H. Rinald's article, The Net User Guidelines and Netiquette, Florida Atlantic University, 1994, available from Netcom.)

Grading System
Course grades will be dependent upon completing course requirements and meeting the student learning outcomes.

The following grading scale is in use for this course:
A = 90.00-100 points  
B = 80.00-89.99 points  
C = 70.00-79.99 points  
D = 60.00-69.99 points  
F = 0-59.99 points (Grades are not rounded up)

**Professional Performance: Discussions and Collaborate Sessions 25%**

This is relevant to attendance and participation in collaborate sessions on Mondays at 10 am or Tuesday at 5:00 pm, group participation, completing discussions/peer posts in a timely manner, engaging in all course activities, and having professional and respectful communication with professor and peers; and so forth. The expectation for students in a social work program is that they are motivated to learn and are dedicated to their studies.

Students answer the discussion posts that is open for each week, the due dates for the discussion posts are on the course schedule, you must also answer one peers posts with substantive feedback (longer than a four sentences). The discussion posts will either be regarding something we learned from the weeks lecture, a case study, journal and/or news article or other media outlet, etc. The grading for the discussion posts are as follows: I am grading you on the frequency with which you are answering the discussion post (did you do the post on the date required and give feedback to peer on required day), initial assignment post (did you answer the question in its entirety, do you have at least two references to support your answer), follow up postings (substantive feedback to at least one other peer that is longer than two sentences), content contribution (did you add your own thoughts and/or other information not just copied exactly from the textbook and contributed to the information already researched), did you add two peer reviewed works as your citations this is your references and support for your post, and lastly your clarity and mechanics (are there misspellings, grammar issues, apa issues, etc). If all these sections are met then you get 40 points for each discussion post.

**Group Presentation 35%**

Students will be grouped with other students to present (as if to a professional audience, symposium, or advocacy group) regarding an aspect of domestic violence. This project will be a group project. “Teams” will consist of 3-5 members, which will be picked by the instructor. The students will conduct research on a specific Domestic Violence issue and develop a presentation on the issue. All the presenters must participate in order to receive the same grade, if someone in your group
does not participate then that person will receive a 0 for the presentation but the only way I would know is if someone in the group tells me (if someone is not participating email me right away). All students must adhere to the academic conduct/honesty/integrity code set forth by Angelo State University and the NASW Code of Ethics. The presentation needs to include a PowerPoint presentation, APA outline provided to the instructor via the assignment link, will be recorded through collaborate, and any other pertinent resources that students feel will help them get their point across to the professor/peers. The presentation should be between 40 to 60 minutes in length and all group members must present a section of the information (each group member must speak for at least 8 minutes). The due dates for the presentation are specified on the course schedule. The rubric will be uploaded on the first week of class.

Examinations

There will be four (4) online examinations in this course. Each of these examinations is worth 10% of your total course grade.

Teaching Strategies

Students are expected to be “active learners.” It is a basic assumption of the instructor that students will be involved (beyond the materials and lectures presented in the course) discovering, processing, and applying the course information using peer-review journal articles, researching additional information and examples on the Internet, and discussing course material and clinical experiences with their peers.

This course is an asynchronous course with a synchronous Collaborate component (required). Collaborate sessions will be on Monday 10 am to 11 am or Tuesday 5 pm to 6 pm, students can join one of the collaborative sessions or watch the collaborate video. Students will also participate in weekly Discussion posts, weekly exams, and a group presentation.

Assignment and Activity Descriptions

*Please note: Rubrics for all assignments and activities are located at the end of this syllabus.

**Discussion Board Activities:** Discussion Boards provide an avenue for synthesis of material/information. A Discussion Board is provided in this course as a way to help students’ process course materials, express thoughts, and engage others opinions and ideas in a healthy and productive learning environment. Students are expected to respond to all discussion board assessments using the “Online Discussion Rubric” to support individual answers to the assigned questions throughout this course.

**Group Presentation Assignment:** There is one instructional design assignment that students will complete during this course. You will be paired up with several other peers to complete a
research group presentation where all members will be engaged and will have to present a required portion of the presentation. The assignment will be submitted in blackboard for evaluation.

**Exams.** Students will be required to complete four online exams which will be uploaded through the blackboard assignment link.

**Assignment Submission**
All assignments MUST be submitted through the Assignments link in the Blackboard site. This is for grading, documenting, and archiving purposes. Issues with technology use arise from time to time. If a technology issue does occur regarding an assignment submission, email me at irusso@angelo.edu and attach a copy of what you are trying to submit. Please contact the IT Service Center at (325) 942-2911 or go to your Technology Support tab to report the issue. This lets your faculty know you completed the assignment on time and are just having problems with the online submission feature in Blackboard. Once the problem is resolved, submit your assignment through the appropriate link. This process will document the problem and establish a timeline. Be sure to keep a backup of all work.

**Late Work or Missed Assignments Policy**

Late assignments are not accepted, unless the student has a University approved reason and this must be approved by the course instructor. Due dates and times for assignments are posted. Failure to submit your assignments on the assigned date will result in a failure for that assignment. The course is set up on weekly modules. The week begins on Monday and ends on Sunday. Assignment due dates are shown on the calendar/schedule or posted within Blackboard. Late assignments are not accepted without prior approval of faculty. Faculty reserve the right to deduct points for late assignments that are accepted past the original due date.

**General Policies Related to This Course**
All students are required to follow the policies and procedures presented in these documents:

- [Angelo State University Student Handbook](#)¹
- [Angelo State University Catalog](#)²

**Student Responsibility and Attendance**

**Online:** This class is asynchronous, meaning you do not have to be on-line at a certain time. The course will have a synchronous component, we will have a collaborate session every Monday at 10 am or Tuesday at 5 pm. There are readings which you will have to complete to be able to adequately participate in individual and group assignments. In order to complete this course successfully, you do have to participate in all course activities i.e. discussion boards, course
projects, exam, etc. Students are expected to engage in course activities and submit work by
due dates and times. The hope is that students will make substantive contributions which
reflect integration of assigned materials as well as any outside readings as appropriate.
Scholarly contribution is an expectation. For planning purposes, this class will probably require
a minimum of 3-4 study hours per week on average.

**Academic Integrity**
Students are expected to maintain complete honesty and integrity in all work. Any student
found guilty of any form of dishonesty in academic work is subject of disciplinary action and
possible expulsion from ASU.

The College of Health and Human Services adheres to the university’s [Statement of Academic
Integrity](#).³

Act Amendments of 2008 (ADAAA) and subsequent legislation.

In your discussions and/or your papers, it is unacceptable to copy word-for-word without quotation marks and the source of the quotation. It is expected that you will summarize or paraphrase ideas giving appropriate credit to the source both in the body of your paper and the reference list.

Papers are subject to be evaluated for originality. Resources to help you understand this policy better are available at the ASU Writing Center.\(^7\)

Student Absence for Observance of Religious Holy Days

**Grading Rubrics**
Grading rubrics will be included in assignment instructions inside of the Blackboard Learning Management System.

**Student Evaluation of Faculty and Course**
Students in all programs are given the opportunity to evaluate their courses and the faculty who teach them. Evaluations are most helpful when they are honest, fair, constructive, and pertinent to the class, clinical experience, or course. Faculty value student evaluations, and use student suggestions in making modifications in courses, labs and clinical experiences.
Angelo State University uses the IDEA (Individual Development and Educational Assessment) system administered through Kansas State University for all course evaluations. The Office of Institutional Research and Assessment administers IDEA for the entire university, online and has established a policy whereby students can complete course evaluations free from coercion.

1. Gaining a basic understanding of the subject (e.g., factual knowledge, methods, principles, generalizations, theories)
2. Developing knowledge and understanding of diverse perspectives, global awareness, or other cultures
3. Learning to apply course material (to improve thinking, problem solving, and decisions)
4. Developing specific skills, competencies, and points of view needed by professionals in the field most closely related to this course
5. Acquiring skills in working with others as a member of a team
6. Learning to apply knowledge and skills to benefit others or serve the public good
