COURSE SUMMARY

This course focus on the study of the organization of visual elements and principles of design.

COURSE DESCRIPTION

This course will provide the fundamentals of design. Students will learn each principle and design element individually, and, as the course progresses, they will develop an understanding of the relationships between them as a whole. This course requires hands-on, project-based lessons that emphasize learning through the creative process by using various media. Periodically, students will participate in constructive class critiques to develop a verbal understanding of the lesson and develop their visual art vocabulary knowledge. Attendance and class participation/discussion are mandatory in this class.

COURSE OBJECTIVES

1. Develop and improve 2D design skills.
2. Obtain an understanding of the basic elements and principles of design.
3. Learn about a variety of media.
4. Recognize and verbalize design elements and principles in his/her projects.
5. Demonstrate verbal ability by actively participating in individual and group critiques of class assignments.
6. Demonstrate professionalism in preparation, work ethic, and craftsmanship.

COURSE STRUCTURE

The class will be a combination of lecture, in class work and critiques with outside class exercises and assignments. A commitment to many hours of homework will be necessary to achieve the goals for this class and its completion. This may be one of the most important class that you undertake in your design education. Coursework will be rigorous and fast-paced, requiring significant out of class work to meet weekly deadlines.

ABSENCES

Excessive absences WILL be reported to administration and will affect your final grade. If the student accumulates more than three (3) un-excused absences his/her grade will be reduced by a full letter grade, and continue to be reduced for each additional unexcused absence. The accumulation of more than seven (7) un-excused absences will result in failure from the class. In this regard, it is the student's responsibility to withdraw from class if they do not want to receive a failing grade.

Note: an excused absence will be granted only for documented health and family purposes. This means you must provide "social documentation" such as an official doctor's note, a newspaper clipping, or official university letter etc. to be excused.)

Late Arrival or Early Departure

- You will be marked absent if you are more than 15 minutes late or if you leave before class is dismissed.
- If you are tardy, it is your responsibility to inform the instructor after class so that the record can be updated.
- Three Late Arrivals = One Absence.
