LEARNING RESOURCES:

We are developing an open resource platform for this course. All materials are available to you on the class Blackboard page. This is an ongoing project at ASU, so we welcome any comments or suggestions about the materials that you may have.

REQUIRED ERESOURCE: You are required to purchase access to the Top Hat e-system from TopHat.com. Instructions on purchase and access are posted to the class Blackboard page. If you have purchased Top Hat for another class, you do not have to purchase new access. You merely add this class to your roster.

CLASS REQUIREMENTS:

Classroom etiquette: A proper learning environment is one in which all points of view, all questions asked, and all questions answered are treated with tolerance and respect. The overall goal of classroom decorum is to treat each other with respect and dignity. Any behavior that disrupts this learning environment, such as late arrivals or early departures, is unacceptable and inappropriate behavior will be subject to appropriate sanction.

Attendance: You are expected to attend all classes in person. You may attend online only through a learning accommodation. See student accommodation office for particulars. Attendance will be taken for every class through Top Hat, and the student is cautioned that excessive absences will jeopardize their final grade for the course. A portion of your final grade is based on your attendance in-class sessions.

- Sleeping/Talking/Using Earbuds/Surfing the web/Texting will be counted as an unexcused absence during class. You will be given one warning and one unexcused absence. If it continues, you will be marked down one full grade on your final grade. Any student may anonymously alert me to a concern over a distraction, and I will then determine if there is a problem.
- Arriving late or leaving early without prior permission will be counted as an absence. You must be present when attendance is taken via Top Hat and must remain signed in to TopHat throughout the class period. TopHat notifies me when you exit the site.
- Students who have four or more unexcused absences will not receive credit for attendance. Two unexcused absences will receive a 10 point deduction, three a 20 point deduction.
- Excused Absences: To receive an excused absence:
  - You may use one (1) no-questions-asked (NQA) excused absence. You may not use this absence on a group discussion day. To use an NQA excused absence, you must notify me by email at least 30 minutes before the start of class that you will be absent that day.
  - Other excused absences require written proof, such as a doctor’s note, faculty notice that you are out on ASU business, etc. If you are using a written proof excuse on a discussion day, you must make arrangements
with me before the absence to complete the work within 24 hours of the end of your excuse.

**Grading:** This course uses a standard percentage system, 100-90%=A, 89-80%=B, etc. Grading sections are Exams on Blackboard (6 at 100 points each), Group Discussion (6 cumulative for 100 points total), Attendance (100 points for the semester), Semester Project Proposal (100 points), Semester Project Final Paper (200 points). The Final Paper counts double as it takes the place of the final exam.

There is no final exam. The Semester Project will serve as your final exam grade.

Extra credit is available only as specified. See the extra credit content module on Blackboard. **Extra credit will not be awarded individually to assist you in bringing up a bad grade.**

**Assignments:** All deadlines are firm. Extensions due to excused absences are granted, as noted below.

**Readings:** Readings are listed by the class in which they will be discussed. You are expected to have read the material before that class period. Reading assignments are not a substitute for attending class. We will discuss additional material in class, which will be included in graded assignments.

**Exams:** **YOU MUST USE A PC TO COMPLETE THE EXAMS. YOU CANNOT USE YOUR PHONE.** There will be online exams using the Respondus Lockdown Browser. The deadlines for these tests are on BlackBoard, and in the course schedule, YOU MAY NOT USE ANY AIDS WHILE TAKING THESE EXAMS. These exams will be T/F, MC, and short answer and cover the reading AND lectures.

Respondus Lockdown Browser. It is your responsibility to install the program and to know how to use it. You may access installation and tutorials for Respondus Lockdown Browser via the technology tab on the opening page of Blackboard and posted to Blackboard in the Exam Module. You will NOT use a Respondus webcam. If you have any problems consult ASU Tech Services.

**IPAD ALERT:** If you use an Ipad for your exams, let me know immediately so I can set Respondus to accept your work. Waiting until the day of or after an exam to alert me will not extend time to complete the exam.

**CHROMEBOOK ALERT:** You cannot use Respondus with a Chromebook. You must find another computer to take the exams. If you need assistance, let me know ASAP. Waiting until the day of or after an exam deadline to let me know you use a Chromebook will not result in an extension to complete the exam.

**Participation:** Your participation grade will depend on your activity during the group discussion. I will post discussion prompts for each group discussion day to Blackboard in the group discussion module. The prompts are links to news articles on topics relating to the section we are studying. You are expected to review the news articles and be prepared to discuss them in class. Your group may decide to assign different topics to individual members to lead
discussions on that topic. Still, everyone in the group is expected to read at least the linked article on the topic and participate in the discussion on every topic. Your grade will depend on your participation in the group through my observations and peer reviews for your group members. I alone determine the quality of your participation.

**Semester Project:** There is a **two-part** semester project. The first part is your project proposal, and the second is your final project paper. See Blackboard for specifics about the project proposal and final submission. The Final Paper counts double as it also takes the place of the final exam.

**TurnItIn:** This course will use TurnItIn for written assignments. You will submit your proposal and final project through the assignment listed on Blackboard. TurnItIn will automatically review your proposal and the final project. TurnItIn only accepts Word or pdf format. If you do not know how to use TurnItIn, see the tutorials on Blackboard. DO NOT submit your project through TurnItIn.com.

**Extensions for Proposal and Project Submission:** I rarely allow extensions of the proposal and final project deadlines. Only extraordinary unforeseeable events will receive extensions.

FYI: Computers crash—you are responsible for saving a backup copy of your project off your hard drive; thus, this is not an excuse for a late project. Also, the clock on your computer may not align with the one on Blackboard or TurnItIn. The Blackboard and TurnItIn clocks control submission deadlines. Further, it takes time for uploads to be completed. If they are not completed before the Blackboard or TurnItIn clocks reach the deadline, your submission will be blocked, and you will not receive an extension of time.
