**Assignment Submission**

All assignments must be submitted through the Assignments link in the Blackboard site. This is for grading, documenting, and archiving purposes. Issues with technology use arise from time to time. If a technology issue does occur regarding an assignment submission, email me at robert.michael@angelo.edu and attach a copy of what you are trying to submit. Please contact the IT Service Center at (325) 942-2911 or go to your Technology Support tab to report the issue. This lets your faculty know you completed the assignment on time and are just having problems with the online submission feature in Blackboard. Once the problem is resolved, submit your assignment through the appropriate link. This process will document the problem and establish a timeline. Be sure to keep a backup of all work.

**Late Work or Missed Assignments Policy**

“Netiquette” Guidelines
• Check the discussion frequently and respond appropriately and on subject. Focus on one subject per message and use pertinent subject titles.
• Capitalize words only to highlight a point or for titles. Otherwise, capitalizing is generally viewed as SHOUTING!
• Be professional and careful with your online interaction. Proper address for faculty is by formal title such as Dr. or Ms./Mr. unless invited by faculty to use a less formal approach. Cite all quotes, references, and sources.
• When posting a long message, it is generally considered courteous to warn readers at the beginning of the message that it is a lengthy post.
• Be sure to get consent before forwarding someone else's messages.
• It is acceptable to use humor but use it carefully. The absence of face-to-face cues can cause humor to be misinterpreted as criticism or flaming (angry, antagonistic criticism).

(The above "netiquette" guidelines were adapted from Arlene H. Rinald's article, The Net User Guidelines and Netiquette, Florida Atlantic University, 1994, available from Netcom.)

Incomplete Grade Policy
It is policy that incomplete grades be reserved for student illness or personal misfortune. Please contact faculty if you have serious illness or a personal misfortune that would keep you from completing course work. Documentation may be required. See ASU Operating Policy 10.11 Grading Procedures for more information.

Plagiarism
Plagiarism is a serious topic covered in ASU’s Academic Integrity policy in the Student Handbook. Plagiarism is the action or practice of taking someone else’s work, idea, etc., and passing it off as one’s own. Plagiarism is literary theft.

In your discussions and/or your papers, it is unacceptable to copy word-for-word without quotation marks and the source of the quotation. It is expected that you will summarize or paraphrase ideas giving appropriate credit to the source both in the body of your paper and the reference list.

Papers are subject to be evaluated for originality. Resources to help you understand this policy better are available at the ASU Writing Center.

Academic Calendar
Students are responsible for adhering to all dates set forth in the ASU Academic Calendar for the semester.

Special Notes:
  a) If you are graduating this semester, please make sure you complete your application for graduation.
  b) If you are taking the Comprehensive Exam this semester, please register for this exam.
  c) Please note the University Calendar for the Last day to drop a class or withdraw from a regular semester
     Drop an online class
     Withdraw from school
d) Notify your faculty if you plan to drop or withdraw. A general understanding of the circumstances will be helpful for program development.

Student Absence for Observance of Religious Holy Days
A student who intends to observe a religious holy day should make that intention known in writing to the instructor prior to the absence. See ASU Operating Policy 10.19 Student Absence for Observance of Religious Holy Days for more information.

Course Disclaimer
Although it is never the intention of this course instructor to offend anyone, on rare occasions students do become offended during discussions. The nature of the content of this course may lead to someone being offended by ideas read or presented, or someone’s ideas or opinions shared. The purpose is to encourage you to consider, objectively, the viewpoints reflected in other’s works as you examine your own views, assumptions, and preconceptions in an attempt to formulate an informed, thoughtful, and definable position. It is not the intent of this class to “indoctrinate” you into any particular point of view, persuade you to adopt any specific position, or even “challenge” your personal beliefs. The hope is that, together, we can all remain as objective as possible and keep our discussions on a high intellectual plane.

Student Evaluation of Faculty and Course
Students in all programs are given the opportunity to evaluate their courses and the faculty who teach them. Evaluations are most helpful when they are honest, fair, constructive, and pertinent to the class, clinical experience, or course. Faculty value student evaluations, and use student suggestions in making modifications in courses, labs and clinical experiences. Angelo State University uses the IDEA (Individual Development and Educational Assessment) system administered through Kansas State University for all course evaluations. The Office of Institutional Research and Assessment administers IDEA for the entire university, online and has established a policy whereby students can complete course evaluations free from coercion.

The following are considered essential, evaluation items for this course.
• Learning to apply course material (to improve thinking, problem solving, and decisions)
• Developing specific skills, competencies, and points of view needed by professionals in the field most closely related to this course
• Acquiring skills in working with others as a member of a team
• Developing creative capacities (inventing, designing, writing, performing in art, music, drama, etc.)
