Course Information

Course Description
The social work field education experience is paramount to the development of social work students. Field education is a central form of instruction and learning in which professional socialization occurs, and the field experience. This course has two parts that occur concurrently. Part I of the course is what is called a field education seminar. During this part of this course, students will meet with the instructor for one hour a week during the semester. In the field education seminar, you will receive your agency and class assignments, review the field education requirements, make contact with your agency supervisor, develop your learning plan, and review the NASW Code of Ethics.

Part II of the course is the actual field education experience. As stated in the SWK 6373 Social Work Field Education I course description, students are required to complete 250 hours; 15 hours of classroom education and 235 hours of supervised experience at their assigned agency site. It is during the supervised field experience where students learn to integrate theoretical and conceptual knowledge learned in the classroom with practical experience of doing generalist social work. This is a
time when social work students are allowed to put to use the knowledge learned, practice the skills, and exercise the values/attitudes that they have discussed and learned in the classroom. Students are required to meet with their agency supervisor for at least one (1) hour each week; additional meetings may be necessary depending on the agreements between the student and the student’s agency supervisor. Attendance in field seminar is necessary and will result in a failing grade if you do not attend seminar each week.

Grading System
Course grades will be dependent upon completing course requirements and meeting the student learning outcomes.

The following grading scale is in use for this course. You must have a B or higher in Advanced field I and II to pass the course:
- A = 90.00-100 points
- B = 80.00-89.99 points
- F = 0-69.99 points (Grades are not rounded up)

Teaching Strategies
Students are expected to be “active learners.” It is a basic assumption of the instructor that students will be involved (beyond the materials and lectures presented in the course) discovering, processing, and applying the course information using peer-review journal articles, researching additional information and examples on the Internet, and discussing course material and clinical experiences with their peers.

Assignment and Activity Descriptions

Completed Learning Contract and Schedule ________ 20%
By the third (3rd) week of the course, students will submit a completed Professional Development Plan/Learning Contract as well as a completed Schedule form to the Social Work Field Education Liaison. The professional development plan/learning contract will detail the specific work assignments and activities through which students will achieve each of the practice behaviors. This document will need to be signed by the student, the student’s Field Instructor first, and then by the Social Work Field Education Liaison or Director.

Students will also attach their agency’s job description for their position or the most similar position to a social worker. You will utilize your job
description to assist you in developing activities to meet your learning objectives. Be as specific as possible. As a graduate generalist social work student, your learning goals should reflect efforts to demonstrate skills in each practice behavior as stated by the Council on Social Work Education (CSWE) and the Social Work Program at Angelo State University. These learning goals will become the basis for evaluating your accomplishments and performance during your Field Education experience.

The student is the main author of the learning plan. The field instructor will provide minimal assistance and guidance, and final acceptance of the plan/contract. The Field Instructor is not to complete this document. Students are expected to struggle with this and learn in the process of creating it. This document will need to be signed by the student, the student’s Field Instructor first, and then by the Social Work Field Education Liaison or Director.

**Mid-Term Evaluation**  

By the end of the 7th week of the course, students and Field Instructors will collaboratively complete a mid-term evaluation of the student’s practice knowledge, values, attitudes, and skills. **In order to promote self-evaluation, students will first independently complete an evaluation. This evaluation will be submitted to the Field Instructor.** Student and Field Instructor will then complete the evaluation collaboratively. The completed evaluation will be submitted to the Social Work Field Education Liaison via InPlace.

The Field Instructor will **recommend** a grade for the student on this document. The **Social Work Field Education Liaison will ultimately assign the grade to the student considering all relevant factors presented in this syllabus.** This is completed in InPlace.

Students are required to address NASW Code of Ethics each week in supervision. If a student has not initiated a discussion of at least one ethical
By the end of the 14th week in the course, students and Field Instructors will collaboratively complete a mid-term evaluation of the student's practice knowledge, values, attitudes, and skills. In order to promote self-evaluation, students will first independently complete an evaluation. This evaluation will be submitted to the Field Instructor. Student and Field Instructor will then complete the evaluation collaboratively. The final evaluation will be submitted to the Social Work Field Education Liaison.

The Field Instructor will recommend a grade for the student on this document. The Social Work Field Education Liaison will ultimately assign the grade to the student considering all relevant factors presented in this syllabus. This document will need to be signed by the student, the student's Field Instructor, and by the Social Work Field Education Liaison or Director and is completed in InPlace.

By the day of the final site visit meeting (usually during weeks 14 & 15), students and Field Instructors will collaboratively complete a final evaluation of the student's practice knowledge, values, attitudes, and skills. In order to promote self-evaluation, students will first independently complete an evaluation. This evaluation will be submitted to the Field Instructor (no later than the end of the 6th week, but depending on the day of the site visit, it may need to be completed earlier). Student and Field Instructor will then complete the evaluation collaboratively. The completed evaluation will be submitted to the Social Work Field Education Liaison. This document will need to be signed by the student, the student's Field Instructor first, and then by the Social Work Field Education Liaison or Director.

**Summaries and additional writing Assignments**  
40%
The following summaries and papers will be due during the semester.
- Comprehensive Summary
- Agency Paper

**Assignment Submission**

All assignments MUST be submitted through the Assignments link in the Blackboard site. This is for grading, documenting, and archiving purposes. Issues with technology use arise from time to time. If a technology issue does occur regarding an assignment submission, email me at chelsea.kading@angelo.edu and attach a copy of what you are trying to submit. Please contact the IT Service Center at (325) 942-2911 or go to your Technology Support tab to report the issue. This lets your faculty know you completed the assignment on time and are just having problems with the online submission feature in Blackboard. Once the problem is resolved, submit your assignment through the appropriate link. This process will document the problem and establish a timeline. Be sure to keep a backup of all work.

**Late Work or Missed Assignments Policy**

Due dates and times for assignments are posted. Failure to submit your assignments on the assigned date will result in ZERO. No papers or postings will be accepted without instructor pre-approval.

**General Policies Related to This Course**

All students are required to follow the policies and procedures presented in these documents:

Student Disability Services is located in the Office of Student Affairs, and is the designated campus department charged with the responsibility of reviewing and authorizing requests for reasonable accommodations based on a disability. It is the student’s responsibility to initiate such a request by contacting an employee of the Office of Student Affairs, in the Houston Harte University Center, Room 112, or contacting the department via email at ADA@angelo.edu. For more information about the application process and requirements, visit the [Student Disability Services website](#). Incomplete Grade Policy

It is policy that incomplete grades be reserved for student illness or personal misfortune. Please contact faculty if you have serious illness or a personal misfortune that would keep you from completing course work. Documentation may be required. See ASU Operating Policy 10.11 Grading Procedures for more information.

Plagiarism

Plagiarism is a serious topic covered in ASU’s Academic Integrity policy in the Student Handbook. Plagiarism is the action or practice of taking someone else’s work, idea, etc., and passing it off as one’s own. Plagiarism is literary theft.

In your discussions and/or your papers, it is unacceptable to copy word-for-word without quotation marks and the source of the quotation. It is expected that you will summarize or paraphrase ideas giving appropriate credit to the source both in the body of your paper and the reference list.

Papers are subject to be evaluated for originality. Resources to help you understand this policy better are available at the ASU Writing Center.

Student Absence for Observance of Religious Holy Days

A student who intends to observe a religious holy day should make that intention known in writing to the instructor prior to the absence. See ASU Operating Policy 10.19 Student Absence for Observance of Religious Holy Day for more information.

**Student Evaluation of Faculty and Course**

Students in all programs are given the opportunity to evaluate their courses and the faculty who teach them. Evaluations are most helpful when they are honest, fair, constructive, and pertinent to the class, clinical experience, or course. Faculty value student evaluations, and use student suggestions in making modifications in courses, labs and clinical experiences.

Angelo State University uses the IDEA (Individual Development and Educational Assessment) system administered through Kansas State University for all course evaluations. The Office of Institutional Research and Assessment administers IDEA for the entire university, online and has established a policy whereby students can complete course evaluations free from coercion.
