Course Delivery

This is an online class. I will hold weekly meetings once a week to go over the lectures. Attendance is not required, and you can watch the lecture notes I will post every week. You will be expected to complete coursework (assignments, project, tests) via [Blackboard](#).¹

Suggested Text and Materials

We will use the following books as our reference textbook, but not required:

- [Data Mining: Practical Machine Learning Tools and Techniques](#), I.H. Witten, E. Frank, M.A. Hall, C.J. Pal, 4th Ed., 2016, ISBN: 0470128720
- [The WEKA Workbench](#), E. Frank, M.A. Hall, I.H. Witten, 2016 (online available)

Technology Requirements

You need a computer to do your assignments, study the material, and practice the subjects at home. You can use a computer in class however, it will almost certainly be helpful to have a

computer that you can use outside of class to complete course assignments, and also preparing and submitting reports via Blackboard.

- **Blackboard:** You are required to follow the posts and study all material posted on Blackboard.
- **Computer:** You must have access to an adequate computer and Internet connectivity to participate fully in the class. A table describing supported browsers can be viewed on [Blackboard's support site](#)².

Communication

You are responsible for checking your ASU email account and Blackboard throughout the duration of this course.

I will generally respond to email and/or telephone messages within 24 hours during working hours Monday through Saturday. However, weekend messages may not be returned until Monday.

Written communication via email: All private communication will be done exclusively through your ASU email address. Check frequently for announcements and policy changes. In your emails to faculty, include the course name and section number in your subject line in the form of “[CS 6320] subject matter”.

Virtual communication: Office hours and/or advising may be done with the assistance of the telephone, Collaborate, Zoom, etc.

Required Use of Masks/Facial Coverings by Students

As a member of the Texas Tech University System, Angelo State University has adopted the mandatory [Facial Covering Policy](#)¹¹ to ensure a safe and healthy classroom experience. Current research on the COVID-19 virus suggests there is a significant reduction in the potential for transmission of the virus from person to person by wearing a mask/facial covering that covers the nose and mouth areas. Therefore, in compliance with the university policy students in this class are required to wear a mask/facial covering before, during, and after class. Faculty members may also ask you to display your daily screening badge as a prerequisite to enter the classroom. You are also asked to maintain safe distancing practices to the best of your ability. For the safety of everyone, any student not appropriately wearing a mask/facial covering will be asked to leave the classroom immediately. The student will be responsible to make up any missed class content or work. Continued non-compliance with the Texas Tech University System Policy may result in disciplinary action through the Office of Student Conduct.

Modifications to the Syllabus

This syllabus, including grade evaluation and course schedule, is subject to modification. In particular, the COVID-19 pandemic may require significant changes in course delivery and content on potentially short notice.
