## Course Information

### Course Description

A supervised field education experience of at least 250 hours in an approved agency appropriate to social work; fosters the integration of classroom knowledge, values, and ethics with practice- based knowledge that seeks to increase practice skills and promotes professional competence.

The social work field education experience, sometimes called “field education,” “practicum,” “internship,” and so forth is paramount to the development of social work students. The field education experience is a central form of instruction and learning in which professional socialization occurs, and the field experience builds upon the core social work curriculum (junior year). This course has two parts that occur concurrently. Part I of the course is what is called a field education seminar. During this part of this course students will meet with the instructor for one hour a week during the semester. In the field education seminar students receive their agency and class assignments, review the field education experience requirements, make contact with their agency supervisor, develop a learning plan, and review the NASW Code of Ethics.

Part II of the course is the actual field education experience. Students are required to complete 250 hours; 6 hours of classroom education and 244 hours of supervised

**(The instructor reserves the right to modify this syllabus throughout the semester if necessary.)**

experience at their assigned agency site. It is during the supervised field education experience where students learn to integrate theoretical and conceptual knowledge learned in the classroom with practical experience of doing generalist social work. This is a time when social work students are allowed to put to use the knowledge learned, practice the skills, and exercise the values/attitudes that they have discussed and learned in the classroom. During the second portion of the course, students are required to meet with their agency supervisor for at least one (1) hour each week; additional meetings may be necessary depending on the agreements between the student and the student's agency supervisor.

## Grading System

Course grades will be dependent upon completing course requirements and meeting the student learning outcomes.

The following grading scale is in use for this course:

A = 90.00-100 points

B = 80.00-89.99 points

C = 70.00-79.99 points

D = 60.00-69.99 points

F = 0-59.99 points (Grades are not rounded up)

## Teaching Strategies

Students are expected to be “active learners.” It is a basic assumption of the instructor that students will be involved (**beyond the materials and lectures presented in the course**) discovering, processing, and applying the course information using peer-review journal articles, researching additional information and examples on the Internet, and discussing course material and clinical experiences with their peers.

## Assignment and Activity Descriptions

**\*Please note: Rubrics for all assignments and activities are located at the end of this syllabus.**

### **Completed Professional Development Plan/Learning Contract and Schedule 20%**

By class time of the third (3rd) week of the course, students will submit a completed Professional Development Plan/Learning Contract as well as a completed Schedule form to the Social Work Field Education Liaison. The professional development plan/learning contract will detail the specific work assignments and activities through which students will achieve each of the practice behaviors. This document will need to be signed by the student, the student’s Field Instructor first, and then by the Social Work Field Education Liaison or Director.

You will utilize your job description to assist you in developing activities to meet your learning objectives. Be as specific as possible. As a graduate generalist social work student, your learning goals should reflect efforts to demonstrate skills in each practice behavior as stated by the Council on Social Work Education (CSWE)

**(The instructor reserves the right to modify this syllabus throughout the semester if necessary.)**

and the Social Work Program at Angelo State University. These learning goals will become the basis for evaluating your accomplishments and performance during your Field Education experience.

The student is the main author of the learning plan. The field instructor will provide minimal assistance and guidance, and final acceptance of the plan/contract. The Field Instructor is not to complete this document. Students are expected to struggle with this and learn in the process of creating it. This document will need to be signed by the student, the student's Field Instructor first, and then by the Social Work Field Education Liaison or Director.

### **Time Sheets/Supervision Log**

**0%**

- You will submit a filled out time sheet form and supervision log each day that records the quantity of hours that you completed in your field education experience each week. **No time-sheets/supervision logs will be accepted more than 2 week after their due date.**
- In order for any time-sheet to be accepted and included for cumulative hours, each time-sheet will have to meet the following criteria:
  - Signed and dated original by both student and field instructor
  - Minimum of 1 hour of supervision documented for that week
  - Form is completed and accurate, with accurate calculations both within the time-sheet and from one week to another (this includes a complete and accurate heading)
  - Enter time accurately. Do not round.
  - Review guidelines on originals and copies

**Please note:** Hours for Field Education II are not a continuation of hours for Field Education I. You must accrue a minimum of 250 hours at your field placement each semester. If you complete more than 250 hours at your field site in the spring semester, these hours will not carry over to summer. Also, you cannot complete your time at field placement prior than dead week.

### **Written submissions**

**20%**

Students will submit a report about their experience at their field agency during each week in which hours for field education were accrued. The course schedule will determine which type of assignment is due any given week.

- Resume

**(The instructor reserves the right to modify this syllabus throughout the semester if necessary.)**

**Mid-Term Evaluation****20%**

By the end of the 5th week of the course, students and Field Instructors will collaboratively complete a mid-term evaluation of the student's practice knowledge, values, attitudes, and skills. **In order to promote self-evaluation, students will first independently complete an evaluation. This evaluation will be submitted to the Field Instructor.** Student and Field Instructor will then complete the evaluation collaboratively. The completed evaluation will be submitted to the Social Work Field Education Liaison. This document will need to be signed by the student, the student's Field Instructor first, and then by the Social Work Field Education Liaison or Director.

**Final Evaluation****40%**

By the day of the final site visit meeting, students and Field Instructors will collaboratively complete a final evaluation of the student's practice knowledge, values, attitudes, and skills. In order to promote self-evaluation, students will first independently complete an evaluation. This evaluation will be submitted to the Field Instructor (no later than the end of the 6th week, but depending on the day of the site visit, it may need to be completed earlier). Student and Field Instructor will then complete the evaluation collaboratively. The completed evaluation will be submitted to the Social Work Field Education Liaison. This document will need to be signed by the student, the student's Field Instructor first, and then by the Social Work Field Education Liaison or Director.

Students are required to address NASW Code of Ethics each week in supervision. If a student has not initiated a discussion of at least one ethical standard from NASW Code of Ethics each week during supervision, the student's final evaluation grade will be lowered 10 points.

**Assignment Submission**

All assignments **MUST** be submitted through the Assignments link in the Blackboard site. This is for grading, documenting, and archiving purposes. Issues with technology use arise from time to time. If a technology issue does occur regarding an assignment submission, email me at [sgallander@angelo.edu](mailto:sgallander@angelo.edu) and attach a copy of what you are trying to submit. **Please contact the IT Service Center at (325) 942-2911 or go to your Technology Support tab to report the issue.**

**(The instructor reserves the right to modify this syllabus throughout the semester if necessary.)**

This lets your faculty know you completed the assignment on time and are just having problems with the online submission feature in Blackboard. Once the problem is resolved, submit your assignment through the appropriate link. This process will document the problem and establish a timeline. Be sure to keep a backup of all work.

## Late Work or Missed Assignments Policy

### POLICY ON LATE OR MISSED ASSIGNMENTS

The course is set up on weekly modules. The week begins on Monday and ends on Sunday. Assignment due dates are shown on the calendar/schedule of this syllabus or posted within Blackboard. Failure to submit your assignments on the assigned date will result in a zero. No assignments will be accepted past the due date without university approved reasons such as medical issues or active military duties.

## General Policies Related to This Course

All students are required to follow the policies and procedures presented in these documents:

- [Angelo State University Student Handbook](#)<sup>1</sup>
- [Angelo State University Catalog](#)<sup>2</sup>

## Student Responsibility and Attendance

This class is asynchronous, meaning you do not have to be on-line at a certain time. There are readings which you will have to complete to be able to adequately participate in individual and group assignments. In order to complete this course successfully, you do have to participate in all course activities i.e. discussion boards, course projects, reflective logs, etc. Students are expected to engage in course activities and submit work by due dates and times. The hope is that students will make substantive contributions which reflect integration of assigned materials as well as any outside readings as appropriate. Scholarly contribution is an expectation. For planning purposes, this class will probably require a minimum of 6-9 study hours per week on average.

**Note:** This course may utilize Collaborate to engage in role plays, case study, and interaction. A day and 2 session times will be offered for students to have some flexibility. **Attendance is mandatory.** Collaborate times will be posted in Banner and a reminder email will be sent the day of the sessions.

**(The instructor reserves the right to modify this syllabus throughout the semester if necessary.)**

## Student Evaluation of Faculty and Course

Students in all programs are given the opportunity to evaluate their courses and the faculty who teach them. Evaluations are most helpful when they are honest, fair, constructive, and pertinent to the class, clinical experience, or course. Faculty value student evaluations, and use student suggestions in making modifications in courses, labs and clinical experiences. Angelo State University uses the IDEA (Individual Development and Educational Assessment) system administered through Kansas State University for all course evaluations. The Office of Institutional Research and Assessment administers IDEA for the entire university, online and has established a policy whereby students can complete course evaluations free from coercion.
