RELATED POLICIES

Communications: The best way to contact me is via e-mail. Although I answer e-mail regularly (and relatively quickly) throughout the work week (Monday - Friday, 7:30AM to 4:30PM), I respond to it less frequently on weekends and holidays. During those times, you can expect an answer to your e-mail within 24-48 hours. There may be times during the semester, when I do not have access to email. I will be sure to notify students if such situations occur.

In the event of a network outage or other technical problem, I may contact you by telephone at the number you provided to me the first week of the semester. Similarly, if you have computer or other technical problems, it is your responsibility to contact me using an alternative method like the telephone.

If you are on campus and would like to drop by my office, please feel free to do so. As I am often away from my desk, it is probably best to arrange a specific time in advance. Please call or email me to do so.

ASSESSMENT:

Grades in this course will be based on assessments of student performance, as evaluated by the faculty member.

Criteria for Evaluation:

Writing: Substantive content and the quality of the student's writing will be considered in all written assignments. Substantive content includes closely following instructions for the content of the assignment. Quality of writing covers clarity of expression and organization, appropriate use of references and academic writing style, use of inclusive language, and correct grammar, spelling, and punctuation. Please contact the instructor if this is unclear or needs further explanation.
