- participate in programmatic writing assessment by providing course-based data used to establish effectiveness and efficiency of dual credit writing instruction
- interact, coordinate, and build relationships with colleagues and other campus entities and offices to accomplish goals and build program recruitment, retention, and matriculation
- Work the editorial board of *Final Drafts*, a campus-specific publication of first year composition work, to improve the efficiency, effectiveness, and quality of work chosen for publication

10/2019 – Present Coordinator of Sec. English Cert. Angelo State University
Summary of Responsibilities

- Complete and maintain clear, concise, and technically accurate state-required English certification standards alignment matrix demonstrating how the University's secondary English certification program adequately prepares candidates for secondary teacher certification and performance
- Create and maintain an online curriculum for secondary English certification test preparation required of all students seeking secondary English teacher certification, providing guidance and feedback to those students until they demonstrate adequate preparation to pass the state certification test on their first attempt
- Create a guidance document of acceptance criteria for use by other campus entities in determining acceptance of post-baccalaureate students into the secondary English certification program
- Conduct file reviews as needed for post-baccalaureate students seeking acceptance into the secondary English certification program
- Interact and coordinate with campus testing center to ensure clear communication of student progress toward approval to take State secondary English teacher certification test
- Gather, analyze, and report on secondary English certification test score and passing rate data in order to aid in University accountability reports to the Texas Education Agency and State of Texas Higher Education Coordinating Board

08/2015 – 08/2018 Adjunct Instructor of English Cisco College
Summary of Responsibilities

- Develop instructional materials and provide feedback appropriate for and in support of course objectives and student mastery of course content
- Gather, analyze, and utilize student achievement data to plan, design, deliver, and evaluate efficacy of first year traditional and dual credit composition courses taught using Canvas as the online learning management system
- Ensure all course content met state-mandated Texas Essential Knowledge and Skills for dual credit courses and Higher Education Coordinating Board objectives for traditional courses
