ACADEMIC EXPERIENCE

Angelo State University 1/2018-Present
Adjunct Instructor – Department of Management and Marketing
Teaching courses designed to familiarize the student with Management Information Systems and Business driven information systems. The courses strive to discuss various business initiatives first and how technology supports those initiatives second. We address business needs and then address the technology that supports those needs.

Angelo State University 1/2015-Present
Adjunct Instructor – Department of Accounting, Economics, and Finance
Teaching courses designed to familiarize the student with computer concepts and problem - solving techniques. Using microcomputers and widely used software, students are prepared to use the computer for later course work and enable them to move directly into the workforce as a productive employee.

Angelo State University 3/2011-Present
Instructional Designer – College of Business
Work with faculty and administration to analyze, design, develop, implement, and evaluate courses for new online curricula. Evaluate courses based on Quality Matters, Governmental, and Texas Tech System requirements. Recommend solutions for faculty to achieve course objectives and learning outcomes in relation to tools used.
