TEACHING EXPERIENCE

Angelo State University

San Angelo, Texas

Instructor of Record

Fall 2022-Present

- Therapeutic Interventions
- Clinical Experience I
- Clinical Experience II
- Communication Skills for Healthcare Professionals
- Basic Skills for Healthcare Professionals

West Texas A&M University

Canyon, Texas

Instructor of Record

Fall 2018-Fall 2019

- Athletic Training I – Intro to Athletic Training
- Therapeutic Exercise in Athletic Training
- Therapeutic Modalities in Athletic Training

For the Fall 2018 semester, developed syllabus and course structure, as well as all lectures presented in class. Created and graded all assignments to emphasize evidence-based care. Created and led all class lab assignments. Created and graded all written and practical exams.

For the Spring 2019 semester, adjusted syllabus and course structure, as well as all lectures presented in class, to overcome barriers presented in the previous semester. Adjusted lab activities from a skills-based to a practice-based format. Taught literature review and AMA formatting as an introduction to evidence-based practice.

For the Fall 2019 semester, edited syllabus and course structure to shift focus away from “content” and emphasize the “process” of delivering care to patients in an athletic setting. Added observation hours requirements to expose students to modern and practical strategies for patient care. Adjusted lab component to shift focus from basic skills to how those skills fit into the bigger picture of patient care and progression.

Guest Lecturer – Various Courses

Fall 2018-Spring 2020

- Clinical Athletic Training
- Therapeutic Modalities in Athletic Training

Completed a literature review and created a lecture on emerging treatments, including cupping, dry needling, and tack-and-floss methods of myofascial release, then presented it both as the instructor and as a guest lecturer.
