## EDUCATION

### **Doctor of Public Health, Advanced Practice Leadership**

Expected Graduation, 2024  
University of South Florida  
Tampa, FL

### **Master of Public Health, Behavioral Sciences and Health Education, 2001**

Emory University,  
Atlanta, GA

### **Master of Science, Kinesiology, 1996**

University of North Texas,  
Denton, TX

### **Bachelor of Science, Kinesiology, 1994**

Minor: Business, Angelo State  
University, San Angelo, TX

### **Master Certified Health Education Specialist, National Commission for Health Education Credentialing,**

Since 2001

## EXPERTISE

### **Public Health Leadership**

### **State and Local Health Department**

### **Project management**

### **Subject matter expert**

### **Internal/External partnership and stakeholder relations**

### **Capacity building**

### **Surveillance and data analytics**

### **Presenting information to a variety of audiences**

## EXPERIENCE

### **Promoting Health and Disease Prevention, Public Health Division, CMS Alliance to Modernize Healthcare, The MITRE Corporation, Atlanta, GA**

#### *Public Health Lead*

May 2020 – PRESENT

- Oversee Public Health, Epidemiology and Training activities on the Sara Alert project, a COVID reporting and monitoring software tool
- Assist Sara Alert Product Owner team with user guidance, user testing, and documentation
- Provide public health guidance with adoption/deployment of jurisdictions, stakeholder engagement, and communication messaging
- Direct the planning, design, development and implementation of user training activities
- Coordinate activities of Sara Alert Academic, including partnership management, providing documentation, resources, workflow expertise, and other communication and advisory activities
- Develop and maintain external relationships and professional communications, including advisors, public health organizations, and public health officials in federal, state and local jurisdictions
- Participate in work shaping, write statements of work and create budgets for new projects
- Serve as a subject matter expert on incubator projects for Ebola surveillance, TB surveillance, Vaccine Safety, and Veterans Affairs COVID-19 monitoring
- Provide updates to sponsors and leadership on training and other use case activities.
- Support development, implementation and evaluation of key deliverables
- Act as the Point of Contact for division partnership engagement strategy
- Participate on interview panels with division leadership

#### *Acting Group Leader*

January 2021 – Present

- Support the daily management of Public Health Delivery Staff
- Provide coaching and mentorship for staff including goal setting and project strategy
- Assist staff on career growth and development strategies and opportunities
- Participate in leadership activities to develop division and department strategies
- Identify work opportunities and assignments for staff
- Support hiring efforts including reviewing candidates, phone screening potential candidates, participate in panel interviews and hiring decisions
- Onboard new employees and assist in setting up project work strategy
- Provide regular communication updates to staff to ensure department and division priorities are disseminated and understood
- Support networking opportunities for staff in department and division

## **Programs, Research, & Innovation in Sexual Minority Health, Rollins School of Public Health, Emory University, Atlanta, GA**

### *Research Project Director*

Jan. 2018 – May 2020

- Oversee and manage projects on the PRISM Health team within the Department of Epidemiology at the Rollins School of Public Health, including NIH funded research
- Develop, manage, and monitor contracts, invoicing, and deliverables
- Develop and maintain internal/external relations, specifically with other study staff/faculty in partnering universities
- Develop and manage program/project budgets
- Advise on Cost Analysis and Return on Investment activities
- Supervise staff, interviewing and selection of staff, training and mentorship, performance management
- Create concept proposals for future projects and publications, lead/participate in publications, give presentations as needed to a variety of diverse audiences and stakeholders
- Oversee multiple participant management and database systems
- Assist in development of protocols, IRB modifications, and methodology strategy
- Analyze, monitor and evaluate research data; identify discrepancies, maintain documentation of protocol updates/deviations
- Develop surveys, recruitment materials, and forms for data collection
- Advise/assist faculty in grant submissions

### *Associate Director*

June 2016 – Dec. 2017, 40 hrs/week

- Coordinated the strategic planning, development and implementation of the AIDSvu.org, HepVu.org, and HIVContinuum.org projects
- Developed and managed program budgets
- Developed and managed and monitor contracts, invoicing, and deliverables
- Provided guidance on understanding and working with complex epidemiologic data on HIV infection
- Synthesized multiple sources of public health information into products that are easily understood by health professionals and general public
- Managed and coordinated projects and activities with multiple consultants, collaborating organizations, internal staff
- Developed and maintained external relationships and professional communications, including advisors and public health officials in federal, state and local jurisdictions
- Worked with sponsor to revise scope of work and activities as required.
- Represented organization in various local, national and international settings
- Conducted research, designed new initiatives, wrote publishable articles and papers, and developed and gave presentations to a variety of diverse audiences and stakeholders
- Supervise staff, interviewing and selection of staff, training and mentorship, performance management

## **Texas Department of State Health Services, TB/HIV/STD Section, Austin, TX**

### *TB/HIV/STD Epidemiology and Surveillance Branch Manager*

June 1 2013 – May 2016

- Provided day to day management to staff of 55 of all TB/HIV/STD branch activities, including the Epidemiology and Surveillance Group and the Health Information Projects Group, Direct Supervisor to 12 staff, including 3 managers.
- Directed development of program standards, policies and procedures, strategic direction, extramural activities, and future goals and innovations
- Directed program monitoring activities and assured contract compliance for local health departments, allocated resources according to public health need
- Served as primary point of contact for the CDC for branch related federal grant activities and budgeting
- Ensured collaboration with agency/unit/s branches and external partners to promote shared goals and activities, strategic planning, and overall integration
- Coordinated responses to assignments required by the Unit, Section, Division, and state legislature

- Developed and managed branch budget of approximately \$6 Million, reviewed fiscal reports, made budget decisions
- Responded to legislative requests and assignments
- Participated as functional manager in integrated data system activities that included combining multiple data registries (\$6 million-dollar project in Agile environment)
  - Development of project objectives and timelines
  - Alignment of human and financial resources
  - Worked collaboratively with project team to ensure timelines are met, constraints managed, and impact to daily work was minimized
- Managed projects that required:
  - Creation of dashboards using project metrics
  - Risk Mitigation
  - Facilitation and organization of meetings, work sessions and closeouts
  - Working closely with project teams to ensure timelines were met and deliverables were managed by staff and contractors.
- Participated in and supported staff in program data dashboard development using Tableau
- Lead and supervised staff, interviewing and selection of staff, training and mentorship, performance management
- Created statements of work for vendor solicitation of projects; Developed and amended contracts as required

### *TB/HIV/STD Epidemiology and Surveillance Group Manager*

April 2010 – May 2013

- Directed and managed TB/HIV/STD Epidemiology and Surveillance Group activities of 29 staff
- Developed and managed budgets of approximately \$3 million
- Prepared grant proposals, produce interim and annual progress reports
- Monitored 8-10 local health department contractors, developed objectives and monitored progress in meeting objectives, performed site reviews, wrote technical support summaries, reviewed and approved budgets
- Participated and coordinated strategic planning initiatives
- Served as a liaison with CDC and other grantors on TB/HIV/STD grants and cooperative agreements.
- Directly supervised Epidemiology and Surveillance Data Monitoring Team staff; developed and monitored performance objectives and standards for surveillance employees and activities
- Assured compliance with the Centers for Disease Control and Prevention (CDC) Technical Guidance for TB/HIV/AIDS Surveillance Programs including the Security and Confidentiality Guidelines
- Responded to legislative requests and assignments
- Used SPSS and SAS Enterprise to identify and analyze epidemiological trends in HIV and TB in Texas
- Monitored TB/HIV/STD morbidity and mortality data used for surveillance and planning activities
- Directed the development and implementation of standard TB/HIV/STD surveillance operating procedures and guidelines for central office and local and regional TB, HIV and STD surveillance sites

### **Florida Department of Health, Jacksonville/DeFuniak Springs, FL**

#### *Operations Manager Consultant III, Duval County Health Department, Institute for Health, Policy and Evaluation Research*

Sept. 2005 – April 2010

- Managed and coordinated the day to day operation for the Center for Health Statistics
- Assisted other agencies, departments, stakeholders in acquiring health research resources and data
- Organize and facilitate meetings and focus group activities
- Performed community health assessments and identified target populations
- Assisted in mobilization of communities through MAPP process, including soliciting partners and stakeholders for participation
- Wrote press releases, gave media interviews and assisted and participated in media events
- Supervised staff/performance management/mentorship
- Used SPSS to identify and analyze epidemiological trends across various disease areas
- Coordinated Duval County School District YRBS activities
- Coordinated wellness program evaluation activities
- Interpreted and disseminated health trends data through bimonthly data reports and medical society publications
- Database management; including census, vital statistics registries, in-patient, ER and BRFS

- Gave presentations to peers, media, and student groups on various public health topics

### *Chronic Disease, Health Promotion and Education Region I Coordinator*

April 2010 – May 2013

- Coordinated chronic disease services in 4 counties: Escambia, Santa Rosa, Okaloosa, and Walton Counties
- Developed, implemented, evaluated and managed projects and interventions for heart disease and stroke, physical activity, nutrition and obesity, tobacco use, and diabetes
- Developed partnerships within communities and agencies across all counties; provided technical assistance on various aspects of project implementation
- Prepared monthly progress reports for state and federal partners and updated project metrics for stakeholders
- Organized, advocated, and presented at community and local government meetings.
- Managed project budgets and contracts
- Planned and marketed related community events; Organized large scale events including managing donations and volunteers
- Performed assessment, surveillance activities and evaluation of counties health indicators and interventions

### **Emory University, Rollins School of Public Health, Atlanta, GA**

#### *Program Evaluator/Instructional Designer*

May 2001 –2004

- Coordinate Career Master of Public Health (CMPH) program (distance based) evaluation
- Conducted needs assessments
- Managed databases/Analyzed program data analysis
- Disseminated program evaluation results
- Developed web-based courses/curriculum design employing adult learning-instructional design techniques
- Advised Special Studies Projects
- Participated in grant writing; Peer reviewed publications
- Developed and taught computer technology workshop series for faculty and staff development

### **Academic Experience**

- Adjunct Faculty, 2020 to present, Department of Business Management, Angelo State University, San Angelo, TX  
Healthcare Communications
- *Affiliated Instructor*, 2005 to 2016, Office of Applied Public Health, Rollins School of Public Health, Emory University, Atlanta, Georgia.  
Quantitative Analysis and Questionnaire Design and Analysis.
- *Adjunct Faculty*, 2005 to 2010, University of North Florida, Jacksonville, Florida. Courses taught: Foundations in Community Health, Program Planning and Evaluation, Foundations in Health Science Research, and Epidemiology.
- *Instructor*, 2002 - 2004, Rollins School of Public Health, Emory University, Atlanta, Georgia. Tobacco Control Seminar (distance-based), Physical Activity and Public Health Seminar, Applied Behavioral Research Methods and co-instruction for Behavioral Epidemiology, and Distance Learning and Web Technology.
- *Faculty*, Southeastern Institute for Training and Evaluation, Rollins School of Public Health, Emory University, Atlanta, Georgia. 2001-2003. Courses taught included: Community Needs Assessment, Program Evaluation, SPSS, and Epi Info.
- Faculty, CDC/ASPH Institute for HIV Prevention Leadership, Epi Info, January 2002, 2003, 2004
- *Consultant*, 2002, Kenneth Cole Foundation, Emory University, Atlanta, Georgia. Assist and Instruct Foundation scholars on Community Needs Assessment processes.
- *Teaching Assistant*, 2001-2002. Rollins School of Public Health, Emory University, Atlanta, Georgia. Applied Behavioral Research Methods: Epi Info 2000.
- *Teaching Assistant*, Texas Woman's University, 01/97 to 05/97. Denton, Texas. Courses taught: Health and Nutrition Related Fitness Laboratories, Self-Defense, Tennis, and Aerobic Dance.
- *Teaching Fellow*, University of North Texas, 06/94 to 01/97. Denton, Texas. Courses taught: Health Related Fitness Laboratories, Beginning Volleyball, Beginning and Intermediate Tennis, Beginning Swimming, Aerobic Dance, and Beginning Bowling.

- *BMI Weight Categories for Students Assessed at Duval County Public Schools*, Division of Community Nutrition Services, Obesity Prevention Program, Duval County Health Department, 2006, Data Analyst and Editorial Contributor.
- *Heart Disease and Stroke*, Center for Health Statistics Data Report, Duval County Health Department, April/May 2006. Author and Chief Editor.
- *Infant Mortality*, Center for Health Statistics Data Report, Duval County Health Department, February/March 2006. Author and Chief Editor.
- *Injury and Violence Prevention and Occupational Safety and Health*, Center for Health Statistics Data Report, Duval County Health Department, October 2005. Author and Chief Editor.
- *Steps to Success in Community-Based HIV/AIDS Prevention, How to Monitor & Measure Evidence-Based Intervention Effectiveness: Module 3—Building Evaluation Capacity*, CDC/ASPH Institute for HIV Prevention Leadership, 2005. Editor.
- *The Assessment and Management of Cancer-Related Fatigue*, Home Health Care Consultant-The Journal of Alternate Site Medicine and Management. Authors: Kevin D. Stein, Ph.D., **Rebecca L. Tomlin, M.S.**, and Brandy Cole, B.S.

## Research/Practice Projects

- *FIMR HIV*. Principal Investigator - Public health practice project includes extraction of case data, abstraction of case files, maternal interviews, development and recruitment of statewide community review and action teams, review of case studies for evaluation of systems gaps. 2014-2016.
- *Local Study of Diabetes*. Research includes relative risk analysis of diabetes morbidity and mortality by geography. Experience includes data abstraction, analysis, interpretation, Institutional Review Board application, and dissemination of results via manuscript development. Dr.'s William Livingood and David Wood, 2008/2009.
- *Technical Tobacco Assistance Consortium for the development of a tobacco prevention and control course* for the Career Master of Public Health program at the Rollins School of Public Health and for the coordination and development of a tobacco lecture series. Responsibilities include: Co-PI, project management, supervision of graduate assistants and multimedia developer, oversee budget and expenditures, instructional design, content development, and dissemination of findings, 2002-2004.
- *NBCCEDP Program Evaluation Training Series*. National Breast and Cervical Cancer Early Detection Program of the CDC (NBCCEDP) Assistance with development of evaluation training resources and services for NBCCEDP grantees. Responsibilities include content development of on-line evaluation modules, partnership development, instructional Design, participate in partner working groups, and performing various needs assessment, 2002–2004.

- *Renaissance Project-End of Life Issues*. Center for Transplantation at Emory University. Graduate Research Assistant, experience includes literature reviews and critiques, survey development, and collection of hospital statistics. Dr.'s Nancy Thompson and Jennie Perryman, 2001.
- *The evaluation of survivor role modeling (among cancer patients) as a mediator of the relationship between social support and functional wellness*. Emory University, Master's Thesis. Experience includes literature review, data analysis, and data interpretation. Committee members: Dr. Nancy Thompson, Dr. Kevin Stein, and Bonya Matthews, MPH, 2001.
- *Survivor Cancer Survey II*, American Cancer Society, Graduate Research Assistant. Experience includes: Complete State Cancer Registry applications, conduct literature reviews, review and critique current research articles, assist with preparation of all materials for project, help write manuscripts for publication, lead and assist in focus groups, Dr. Kevin Stein and Dr. Frank Baker, 2000.
- *Quality of life in cardiovascular disease patients, effects of angina on quality of life, differences in patterns of chronic angina pain*. Department of Nursing, Emory University. Graduate Research Assistant. Experience includes: Patient registration at hospitals/clinics for the study, patient education, review of medical reports and history, administration of test instruments, Dr. Laura Kimball, 2000.
- *Oral contraceptives and their role in insulin resistance and glucose tolerance in the prevention of diabetes*, Independent doctoral study. Texas Women's University. Experiences include oral glucose tolerance testing, and maximal & submaximal exercise testing, Dr. Vic Ben-Ezra & Dr. Catherine Jankowski, 1997.
- *Active participation in two insulin exercise research grant studies. Independent doctoral study*. Texas Women's University. Experience includes: oral glucose tolerance testing, testing plasma for lactate and glucose levels, maximal and submaximal exercise testing, EKG interpretation, Dr. Vic Ben-Ezra and Dr. Catherine Jankowski, 1997.
- *Effects of exercise intensity and rest interval on subsequent strength performance*, Master's Thesis. University of North Texas. Experience includes: maximal and submaximal arm and leg exercise testing, strength assessments, and statistical measurements. Committee members: Drs. David Hill, Allen Jackson, and Robert Patton, 1995-1996.

## Presentations

- Identifying regional disparities in access to HIV and sexual health resources for young men who have sex with men in the United States: The iREACH Study. A. Walsh, T. Chavanduka, G. Sallabank, J. Bauermeister, P. Sullivan, J. Guest, **R. Filipowicz**, J. Wolfe, K. Horvath, B. Hailu, R. Stephenson. HIV4P, Virtual, 2021.
- Tuberculosis and Homelessness in Texas, 2002-2011; Nicole Evert, MS, Barbara Vassell, Doug Schuster, MPH, **Rebecca Filipowicz**, MPH, MS, MCHES. Texas Department of State Health Services, TB/HIV/STD and Viral Hepatitis Unit. National TB Controllers Association Meeting, Atlanta, GA, 2013
- Profile of Poor Survivors after Diagnosis with AIDS, Texas 1997-2005. Craig Boge, MPH, Jennifer Chase, MSPH, Miranda Fanning, MPH, **Rebecca Filipowicz**, MPH, MS, MCHES; Sharon Melville, MD, MPH. Texas Department of State Health Services. Council of State and Territorial Epidemiologists Annual Conference, Omaha, NE, 2012.
- Integration of Surveillance and Public Health Follow-up for HIV in Texas. **Rebecca T. Filipowicz**, MPH, MS, MCHES, Karen M. Arrowood, MPH, Jonathon D. Poe, MSSW, Sharon K. Melville, MD, MPH, Texas Department of State Health Services. Annual HIV Surveillance Conference, Atlanta, GA 2011.
- *Addressing Diabetes Disparities through Sub-County Analysis of Multiple Data Sources*; William Livingood, PhD, Luminita Razaila, MS, Elena Reuter, MPH, Rebecca Filipowicz, MPH, MS, CHES, Katryne Lukens-Bull, MPH, Carlos Palacio, MD, MPH and David L. Wood, MD, MPH. American Public Health Association Annual Conference, 2009.
- *A Local Assessment of Ambulatory Care Sensitive Conditions* (poster presentation). Rebecca Filipowicz, MPH, MS, CHES, Luminita Razaila, MS, Morris Jackson, MPA, & Elena Reuter, MPH, Florida Public Health Association Annual Education Conference, Champions Gate, Florida, 2008
- *Using Geographical Aggregation and Statistically Reliable Health Data for Local Policy Development*. Radley Remo, MPH, Thomas Bryant, MSW, Rebecca Filipowicz, MPH, MS, CHES, and William Livingood, Ph.D. American Public Health Association, Washington, DC, 2007
- *Displaying and Disseminating Public Health Related Violence Data*. (Poster Presentation). Rebecca T. Filipowicz, MPH, MS, CHES, Bill Livingood, Ph.D., Nancy Winterbauer, Ph.D., Susan Coughlin, MPH, Ryan Marie Diduk, MPH, CHES, Kristi Stowers, BSH. Florida Public Health Association, Tampa, FL, 2007.
- *Violence Data: Considerations and Inconsistencies*. (Poster Presentation). Rebecca T. Filipowicz, MPH, MS, CHES, Bill Livingood, Ph.D., Nancy Winterbauer, Ph.D., Susan Coughlin, MPH, Ryan Marie Diduk, MPH, CHES, Kristi Stowers, BSH. Florida Epidemiology Conference,

Daytona Beach Florida, 2007.

- *The Walton County AED Partnership Taskforce Initiative: Saving Lives.* Rebecca Filipowicz, MPH, MS, CHES, Eddie Rivers. National Heart Disease and Stroke Prevention, Atlanta, GA, 2004.
- *South Walton Fire District Automatic External Defibrillator Program.* Eddie Rivers, Rebecca Filipowicz, MPH, MS, CHES. National Heart Disease and Stroke Prevention, Atlanta, GA, 2004.
- *A Multi-faceted Approach to the Evaluation of Web-based Distance-Learning Programs in Higher Education.* Allison Leppke, MPH, CHES, Rebecca Filipowicz, MPH, MS, CHES, Iris Smith, Ph.D, MPH, Cam Escoffery, PhD, MPH, CHES, Atlanta Area Evaluation Association, Atlanta, GA, 2004.
- *Evaluation Strategies for a Distance Based Master of Public Health Program.* Rebecca Filipowicz, MPH, MS, CHES, Melissa Alperin, MPH, CHES, Iris E. Smith, PhD, MPH, Cam Escoffery, PhD, MPH, CHES. American Public Health Association, San Francisco, CA, 2003.
- *No butts about It: Lessons learned from the field of tobacco prevention and control.* Rebecca Filipowicz, MPH, MS, CHES, Melissa Alperin, MPH, CHES. American Public Health Association, San Francisco, CA, 2003.
- *Give me something I can use!: Tips and strategies for teaching in an on-line environment.* Ann Council, MPH, CHES, Rebecca Filipowicz, MPH, MS, CHES. American Public Health Association, San Francisco, CA, 2003
- *Roadmaps to success for course management and teaching in a distance education program.* Cam Escoffery, PhD, MPH, CHES, Peggy Hines, MA, Melissa Alperin, MPH, CHES, Rebecca Filipowicz, MPH, MS, CHES. American Public Health Association, San Francisco, CA, 2003.

## Invited Presentations

- *Beyond Mortality* (poster presentation). **Rebecca Filipowicz, MPH, MS, CHES**, William Livingood, Ph.D., Elena Reuter, MPH, & Morris Jackson, MPA. CDC Annual Assessment Conference, Atlanta, GA, 2008
- *Health: Place Matters.* **Rebecca Filipowicz, MPH, MS, CHES.** Florida Public Health Association Annual Education Conference, Champions Gate, Florida, 2008
- *Is your on-line class on Target?* **Rebecca Filipowicz, MPH, MS, CHES.** Angelo State University Distance Learning Lecture and Workshop Series, San Angelo, TX, 2007.
- *The Institute for Health, Policy, and Evaluation Research: Advancing Public Health Capacity, Assessment and Practice.* **Rebecca Filipowicz, MPH, MS, CHES**, Susan Coughlin, MPH, Thomas Bryant, MSW, and Nancy Winterbauer, Ph.D., MS. Florida Public Health Association, Orlando, 2006.
- *Measuring, Monitoring and Communicating Local Health Progress.* **Rebecca Filipowicz, MPH, MS, CHES**, Radley Remo, MPH, William Livingood, Ph.D., and Dana Fields-Johnson, MPA. *Florida Statewide COMPASS Meeting, Tampa, Florida, 2006*
- Duval County at a Glance, Violence in Duval County, 2005. Community Forum. Jacksonville Community Council, Inc., Jacksonville, FL, 2005.
- Survey Development, Tuberculosis Education and Training Network Conference, Atlanta, GA, 2003.
- Community Needs Assessment, CHES Review Workshop, Rollins School of Public Health, Emory University, 2003.

## Professional and Scholarly Activities

### Conferences/Trainings

- WomenLEAD, MITRE, 2021
- Project Lead Bootcamp, MITRE, 2021
- CDC Disaster Epidemiology, 2020
- COVID-19 Contact Tracing, Johns Hopkins University, 2020
- Mental Health First Aid, 2018
