Jenkins, S.H. (Annually in the spring from 2005 – 2014). *STAAR Test Administrator Training*. A training for all district test administrators and monitors regarding STAAR testing procedures and state policies. Christoval ISD, Christoval, TX 76935.

PROFESSIONAL COMPETENCIES

- Provide individual counseling and planning to guide students as they plan, monitor, and manage their own educational, career, personal, and social development with appropriate interventions that assist in personalized goal-setting.
- Provide small group counseling as a needed part of responsive school counseling program.
- Review and evaluate career standardized data profiles, such as the O*NET, in order to assist students with career and vocational awareness, exploration and planning.
- Organize and facilitate bi-annual career fair/reality fair.
- Consult with school staff, parents, and community members to promote understanding of human relations and student development, human behavior (including exceptionalities) and environment.
- Identify, analyze, and address through intervention academic, behavioral, social, and emotional barriers that may interfere with growth.
- Provide individual and group guidance to assist students in developing and applying skills for maximum educational, career, and interpersonal relations.
- Use accepted theories in addressing personal, social, career, cognitive, and educational development.
- Monitor growth and development of students throughout childhood and adolescence, noting environmental, social, and cultural factors that affect learner's development.
- Provide leadership for the campus school counseling program.
- Advocate for a school environment in which diversity is acknowledged and respected, resulting in positive interactions across all cultures, genders, ethnicities, and learning styles.
- Adhere to, follow, and promote legal, ethical, and professional standards. Adhere to federal, state, district and campus legal standards, policies, regulations, and procedures.
- Interpret standardized test results and other formal and informal assessment data to guide students in individual goal setting and planning in collaboration with school personnel.
- Apply research-based practice to improve the school guidance and counseling program.
- Use counseling-related research techniques and practices as well as technology and other resources to facilitate continued professional growth.
- Implement guidance curriculum designed to provide lessons systematically to students that facilitate growth and development in the areas of educational, career, personal, and social development.
Four strategic curricular content areas in Texas include Intrapersonal Effectiveness, Interpersonal Effectiveness, Post-Secondary Education and Career Readiness, and Personal Health and Safety.
- Collaborate to refer students as needed for special programs or outside agencies for additional support.
- Utilize the Diagnostic and Statistical Manual of Mental Disorders classification system for obtaining descriptions, symptoms and criteria for mental disorders.
