

STEVEN W. KING, Ph.D.
Department of Chemistry and Biochemistry
Angelo State University

EDUCATION

UNIVERSITY OF CONNECTICUT, *Certificate in Clinical Chemistry*
Farmington, Connecticut, 1981

UNIVERSITY OF NORTH CAROLINA, *Doctorate of Philosophy in Biochemistry*
Chapel Hill, North Carolina, 1980

ELON UNIVERSITY, *Bachelor of Arts in Biology and Chemistry*
Elon, North Carolina, 1968

EXPERIENCE

ANGELO STATE UNIVERSITY, San Angelo, TX Sep 2018 - Present
Senior Instructor, Chemistry

ANGELO STATE UNIVERSITY, San Angelo, TX 2012 - Aug 2018
Instructor, Chemistry

EVANGELICAL COMMUNITY HOSPITAL, Lewisburg, Pennsylvania 2008 - 2010
Administrative Director of Laboratory Services

- Directed Lean Team in successful re-organization of instrumentation, work cells, productivity and 5S implementation.
- Increased productivity and maintained morale during business downsizing that mandated FTE attrition.
- Enhanced patient service by instituting phlebotomy training program for Emergency Department nursing staff.
- Served on Compliance Committee to improve laboratory order documentation; served on Quality Assurance Committee of local nursing home to assist in meeting Department of Health requirements.

SOUTHSIDE COMMUNITY HOSPITAL, Farmville, Virginia 2005 - 2008
Executive Director for Diagnostic Services/ Director of Emergency Preparedness Plan (2007 - 2008)

- Directed operations for the laboratory, radiology, respiratory therapy and sleep laboratory.
- Served as a key member of the senior management team, working directly with the President/CEO, CFO, Chief Nursing Officer, and Director of Human Resources.
- Led successful executive search for new Director of Radiology.

Laboratory Director/Hospital Safety Officer (2005 - 2007)

- Directed all aspects of laboratory operations, overseeing staff management, training and development, patient care, budget management and lean operations.
- Negotiated successful proposals for new chemistry, immunochemistry, and hematology analyzers.
- Improved laboratory offerings, developing a successful proposal to secure i-STAT analyzers and reagents.
- Coordinated Point-of-Care testing training for Emergency Department nursing staff.

SAINT EUGENE MEDICAL CENTER, Dillon, South Carolina 1998 - 2004
Laboratory Director

- Oversaw laboratory operations, managing a diverse team of technical and non-technical staff.
- Streamlined operations and improved productivity through securing buy-in for the purchase and implementation of cutting-edge technical instruments.
- Developed and directed strategic growth strategies, including expansion of in-house testing and planning, relocation of laboratory to more efficient space and personnel training.

SAINT EUGENE COMMUNITY HOSPITAL, Dillon, South Carolina 1996 - 1998
Director of Diagnostic Services/Laboratory Director

- Oversaw laboratory operations and implemented innovative policies and procedures for personnel.

- Led efficient transition of staff from Sisters of Saint Mary Healthcare System to McLeod Health facility.
- Served concurrently as Director of Radiology and Laboratory Director; successfully recruited new Radiology Director.

MEDICAL LABORATORY CONSULTING, Florence, South Carolina 1995 - 1996

Owner

- Provided consulting services for medical laboratories, specializing in areas of computer systems, instrumentation, policies and procedures, CLIA, OSHA, quality, startup operations and management.
- Collaborated with nationally recognized reagent and instrument manufacturer to conduct workflow and cost accounting analyses for hospital blood banks.

PRIOR EXPERIENCE

NATIONAL HEALTH LABORATORIES, *Technical Director*, South Carolina 1994

PROFESSIONAL DIAGNOSTIC LABORATORY, INC., *LIS Administrator*, South Carolina 1990 - 1994

MCLEOD REGIONAL MEDICAL CENTER, *Clinical Chemistry Instructor*, South Carolina 1989 - 1994

PEE DEE PATHOLOGY ASSOCIATES, *Clinical Chemist*, South Carolina 1985 - 1990

NATIONAL HEALTH LABORATORIES, *Technical Director*, Florida 1983 - 1985

AFFILIATIONS

American Association for Clinical Chemistry
