

Campus Emergency Locations

Campus Evacuation Zones

The campus is divided into three evacuation zones. Based on the nature and severity of the hazard, evacuations may affect a single facility or the entire campus.

Emergency Call Boxes

Emergency call boxes with a direct line to the University Police are located across campus. The boxes are identified by a blue emergency light and red emergency labels. Follow the instructions on the call box if you have an emergency. In the instance of an evacuation, call boxes are the Emergency Assembly Area for nearby buildings.
