Dr. John Miazga
Angelo State University

Dear Dr. Miazga:

With the adopted amendments to the standard in Texas Administrative Code (TAC) §229.4, TEA staff will recommend that your program be assigned the following status under the Accountability System for Educator Preparation at the April 26, 2019 State Board for Educator Certification (SBEC) meeting:

**ACCREDITED-WARNED**

This recommended accreditation status is based on 2017-2018 academic year data, and the rules currently in effect to determine accreditation ratings. Once the recommendation is approved by the SBEC, the status will be effective from the date SBEC approves it until SBEC approves the next annual accreditation ratings based on 2018-2019 academic year data. After the SBEC takes action on this recommendation, TEA staff will post accreditation statuses for all educator preparation programs (EPPs) on the Educator Preparation Program Consumer Information web page.

The table below reflects the required performance standards and program deficiencies for accountability purposes, pursuant to TAC §229.4.

19 TAC §229.4(d)(1)(A) prescribes that an EPP shall be assigned an Accredited-Warned status if the EPP fails to meet the standard for all candidates on any of the performance standards in
one year. In addition, 19 TAC §229.4(d)(1)(B) prescribes that an EPP shall be assigned an Accredited- Warned status if the EPP fails to meet the standards in any two gender, race, or ethnicity demographic groups on any indicator in any one year. Your program did not meet the performance standard for principal appraisals for all candidates and two demographic groups.
