

# MEMORANDUM

TO: Heads of Undergraduate Academic Departments

FROM: Shirley Eoff, Chair  
2022-2023 Academic Excellence Committee

SUBJECT: Call for Departmental Nominations  
2022-2023 Presidential Award and Distinguished Student Awards

The Academic Excellence Committee seeks your assistance in soliciting nominees for the 2022-2023 Presidential Award and Distinguished Student Awards. These awards are given each spring to outstanding students selected by the committee and approved by the college Deans, the Provost, and the President. The committee will meet in mid-April to make its selections from the departmental nominations. Please email complete nomination packets (combined into a single PDF form), to the committee chair, **Dr. Shirley Eoff** ([shirley.eoff@angelo.edu](mailto:shirley.eoff@angelo.edu)) **no later than 5:00 p.m., Wednesday, April 12, 2023.**

The following guidelines should be used in submitting recommendations:

I. **Nomination Criteria**

- a. Nominees shall be selected on the basis of outstanding academic performance and extracurricular accomplishments in the university and community.
- b. Nominees must have senior standing during the current academic year (to be interpreted to include candidates who complete their degree requirements in December 2022 or May 2023 or students within 6 hours of graduation in May who can reasonably be expected to complete degree requirements during summer 2023).

Students enrolled in joint bachelor and master's programs will be considered only if near enough program completion to ensure graduation within the award year. The nomination materials may only include the student's undergraduate GPA and awards, service, scholarly papers, and other activities. Any project or research used in support of the application must arise from undergraduate rather than graduate coursework.

- c. Nominees must have completed a minimum of **60 hours at Angelo State University** and have an overall **institutional and cumulative GPA of 3.50** or higher.

- d. All nominees are expected to attend the luncheon and awards ceremony to be held from 12:00 noon to 2:30 p.m. on **Monday, May 1, 2023.**

**II. Selection Procedure**

- a. Each department granting undergraduate degrees in the Colleges of Arts and Humanities, Business, Education, Health and Human Services, and Science and Engineering may submit a single nomination.
- b. All department members should participate in the selection process, and the nominee should have consensus support.

**III. Preparation of Nomination Packet**

- a. Department heads or their representatives should check the nominee's record carefully to see that the reported grade point average is correct, that the information presented is accurate, and that the student will graduate on schedule barring unforeseen circumstances.
- b. Any faculty member in the department who is not currently a member of the Academic Excellence Committee may prepare the nomination letter. Please work with the nominee to ensure that all relevant information appears in the written submission.
- c. Draft the application and nomination letter with care, keeping in mind the diverse membership of the selection committee. The Presidential Award and the Distinguished Student Awards are prestigious honors, and the committee's ability to make wise selections depends on the quality and clarity of the submitted materials. Submit both the nomination form and a single letter of recommendation no longer than two pages in length listing additional information and impressions not covered by the form.
- d. A complete nomination packet requires:
- a single letter of recommendation no longer than two pages
  - the nomination form
  - a one to two page personal statement addressed to the Academic Excellence Committee in which the nominee outlines career plans and aspirations
  - an official transcript (should be opened and included with the packet)
  - the signed FERPA agreement, granting or denying permission to publicize or announce the grade point average. (Denial of permission will not impact the selection process.)

- After the nominations have been received, arrangements will be made for a formal photograph suitable for the recognition ceremony and additional publicity needs. Nominees must also submit several good quality informal digital photographs showing their engagement in activities related to their academic credentials (e.g., working in a lab or clinical setting, presenting a paper, teaching a class) or their most significant extracurricular activities (e.g., participating in a sport or intramural contest, sculpting or painting, taking part in a community service activity) used to support the application. Specific instructions will be provided directly to student nominees at a late date.

**IV. Submission of Nomination Packet**

- a. The faculty member authoring the nomination letter should verify that all application materials are accurate.
- b. The nominating department should **submit the entire packet in a single PDF document to [shirley.eoff@angelo.edu](mailto:shirley.eoff@angelo.edu) by 5 p.m. Wednesday, April 12, 2023.**

**V. Committee Procedure**

- a. Committee members will individually review the nomination packets and rank the applicants.
- b. The committee members will meet in person collectively to discuss and compile their individual rankings. The committee will then select one nominee to recommend for the Presidential Award.
- c. The remaining nominees will then be regrouped by college and considered for the Distinguished Student Award, with the selection submitted to the appropriate dean for approval via email.
- d. The committee chair will forward the committee's recommendations to the Provost and Vice President for Academic Affairs for review and submission to the President of the University for final approval.
- e. Upon final approval, the Provost's Office or committee chair will notify the University community of the selections. The Academic Excellence Committee will arrange a public reception to honor the nominees and award recipients.
